Department of Electronics & Telecommunication Engineering**

Academic Year: 2023-24	Class: BE
Semester: II	Date: 16/4/2024

Title of Innovation method/activity: Case Study on Optical fiber communication systems

Name of Faculty: Prof. Agrawal R K

Subject: Fiber Optics Communication

Objective: To understand the applications of FOC systems

Topic Covered through Activity: DWDM system

The method:

- Students are asked to visit the website of various companies in the FOC field to explore the solutions offered by them to different user industries.

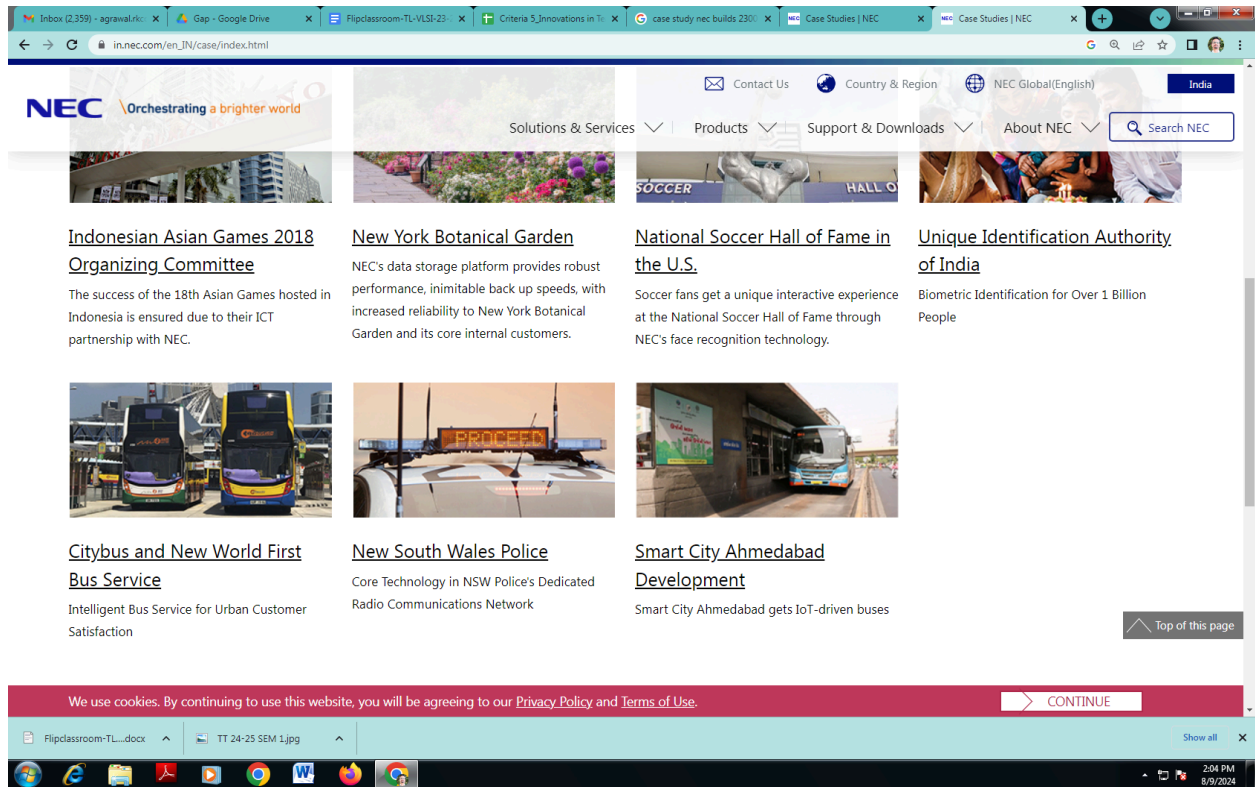

<https://www.hfcl.com/insights>

<https://stl.tech/>

<https://www.tejasnetworks.com/>

- Students are asked to submit the case study.

Activity Picture (Add picture of the activity if possible)

Impact Analysis (Show the impact of the activity in examination)

- Able to understand the real life examples of Optical Fiber Communication systems in different industries.
- Boost the interest in the subjects
