

7.1.10 (QIM) The institution celebrates/ organizes national, international commemorative days, events and festivals

A National Day is a designated date on which celebration mark the nationhood of a nation or non-sovereign country. This nationhood can be symbolized by the date of independence, of becoming a republic or a significant date for a patron saint or a ruler (birthday, accession, removal, etc). Often the day is not called "National Day" but serves and can be considered as one, through such celebration one can remember our saints, leaders, founders, personality who devoted their life for that particular work in their field, students will get motivation, vision, aim for life through such celebration so in our college we celebrate various national and international days like Yoga day, Independence day, World AIDS day, Republic Day, NSS day and so on.

We celebrate birth anniversary and death anniversary of our founder late Karmaveer Shri. Keshavlaji Harakchandji Abad to inspire staff and students.

As well as we celebrates Founder of Homoeopathy Dr. Samuel Hahnemann's Birth Anniversary every year on 10th April.
