

### 7.3.1 (QIM) Describe/Explain the performance of the institution in one area distinctive to its priority and thrust

#### Vision of our institute "To Promote Homoeopathy a Holistic Medical Science to beget Healthy Society!"

So as to accomplish vision Smt. K. B. Abad homoeopathic medical college have started **Peripheral Visits** through which college medical services reach to each and every needy of society. Through our homoeopathic mobile dispensaries college providing homoeopathic medicine at low cost of just rs. 10/-. As well as college extending our homoeopathic services through homoeopathic wing in PHC's (peripheral health center) of government of Maharashtra.

Thorough rural peripheral visits and PHC's, students able to learn homoeopathy, communication skills, interpersonal skills, diagnostic skills as well as homoeopathy is propagated in society and society is benefited.

College running this service since 15 years, through peripheral visits medical officers, PG students and final year students, interns reaching to doorstep of all poor, needy people in society. Daily our mobile van and ambulance visiting nearby village early in the morning, so that all farmers and other patients facilitated at home or in market & it become easy for them to facilitate medical services. Detail case history taken by interns and medical officers prescribing medicines and by it we are taking care of their health.

In case patient require further medical help college providing free ambulance service to patient, we have admission facility and investigation facility in our hospital SHRI R.P.CHORDIYA at minimum cost, we are providing free food to patients, our hospital is registered for charity so to eligible & needy patients, college is providing free services.

Daily report of rural visits is maintain in format, daily reporting of number of patients is done to principal.

Rural visits and PHC's management is done by one our eminent teachers.

So as to achieve our mission to imparting quality medical education, serving the society, nation and humanity college not only extending medical services to nearby rural places but one project is running at Satana where college organizing monthly camp for Divyangjan (physically and mentally handicap) children suffering from cerebral palsy, through this project college improving life status of children.

At kopargoan dist. A'nagar; college providing free services through Dhantara trust Kopargaonrun.
