

**8.1.3 (QIM) Describe the standard Inspection Control Policy and the practices followed by the Institution within 500 word.**

The institute offers U.G. i.e. BHMS and PG i.e. MD (Honi) courses. The organization's management system, development & improvement are monitored by Central Council of Homoeopathy (CCH) and Maharashtra University of Health Sciences (MUHS). The Inspections are conducted by CCH and MUHS every year to assess the fulfillment and functioning of Institute as per Minimum Standard Requirements and also assess advancement made by the institution. Inspections are conducted three months before expiry of permission for consideration of grant of permission for undertaking admissions in the coming academic years. The college follows all the guidelines of various inspection committees to fulfill all necessary requirements

Inspection Policy;

- a. The college and attached Hospital shall fulfill the **Minimum Standards Requirements** of infrastructure and teaching and training facilities.
- b. Minimum teaching faculty as per schedule IV for BHMS Degree course and for post graduate Degree course as per Schedule V.
- c. Technical and other staff in various units and departments of the college.
- d. Working of college council.
- e. Books in all the departments including library.
- f. Functioning of Hospital OPD and IPD.
- g. Regular updation of College Website.

A mock inspection is conducted prior to announcement of any type of inspection in which following things are inspected at departmental level.

1. Teaching and Non teaching staff
2. Time table
3. Academic Calendar
4. Advance teaching program
5. Lesson plan
6. Attendance Muster
