

**8.1.8 (QIM) Provide a description of the number and variety of Medicinal plants in the Herbal Garden in the campus within 500 words.**

Sr. No.	Total Area (Minimum 250 sq meters)	No. of Plants (No. of Species ..... ) (as prescribed by regulatory authority, Minimum 30)	Whether any collaboration is established with NMPB
1.	998 Sq. meters	48 Species in herbarium and 16 species in flower pot	No

Department of Homoeopathic Pharmacy consists of one Herbarium Garden which occupies area of 998 sq. meters. Irrigation facility is available for that. In the Herbarium garden total 48 species have been cultivated as well as 16 species are cultivated in flowerpots so total 64 species are available in the Herbarium garden.

Yearly once, students are visiting to this Herbarium Garden where they acquire knowledge about different species and different families of plants as study about various drugs used in the Homoeopathic Pharmacy.

In this Herbarium garden, students get live demonstration of plants with their parts use and medicinal uses of various plants.

Each student prepares one project of Herbarium file. They are collecting herbs from the various places and from Herbarium Garden.
