  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write any 10 out of 15 (10x2=20)

- a) Define intermittent claudication
- b) What is Myopia?
- c) Write 'rule of Nine'?
- d) 4 causes of blindness
- e) Reactionary haemorrhage
- f) Define sty
- g) Define sinus & fistula
- h) Raynauds phenomena
- i) Define night blindness
- j) Define cellulitis
- k) 4 causes of Red Eye
- l) Trichiasis
- m) Iris shadow
- n) Hypovolaemic shock
- o) Write the parts of an ulcer.

Q. 2. Write any (4 out of 6) (4x5=20)

- a) Pyaemic abscess
- b) Rodent ulcer
- c) Presbyopia
- d) Chalazion
- e) Indications of blood transfusion
- f) Lipoma

- Q. 3. Write any 4 out of 6 (4x5=20)
- a) Varicose veins
  - b) Squint
  - c) Trachoma
  - d) Purulent conjunctivitis
  - e) Carbuncle
  - f) Cold abscess

- Q. 4. Write any 2 out of 4 (2x10=20)
- a) Tetanus
  - b) Allergic conjunctivitis
  - c) Senile cataract
  - d) Malignant melanoma.

**LAQ**

**Write any 1 out of Q. No. 5, 6 & 7**

(20 marks)

- Q. 5. Describe Wound under
- a) Classification
  - b) Factors influencing wound healing
  - c) Management
  - d) Complications
- Q. 6. Describe Gangrene
- a) Definition & Causes
  - b) Classification of gangrene
  - c) Investigations
  - d) Management of gangrene
- Q. 7 Describe Glaucoma
- a) Definition & classification
  - b) Stages of closed angle glaucoma
  - c) Clinical features
  - d) Investigations & management of closed angle glaucoma

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

PRELIMINARY EXAMINATION (May - 2013)

YEAR:- III B.H.M.S.

Marks 100	Sub:- Surgery – II	Time 3 Hrs.
--------------	--------------------	----------------

**Instructions:-** 1) All Question are Compulsory.

2) All Question carry equal Marks.

3) The number to the **right** indicates **full** marks.

4) Draw diagrams **wherever** necessary.

5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.

6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write any 10 out of 15

(10x2=20)

a) Tongue tie

b) Stress fracture

c) Stridor

d) Impacted III Molar

e) Four causes of otalgia

f) Murphy's sign

g) Four causes of epistaxis

h) Fissure – in – ANO

i) Thyroglossal cyst

j) Courvosier's Law

k) Plummer Vinson syndrome

l) Define deafness

m) Ranula

n) Closed fracture

o) Roving's sign

Q. 2. Write any 4 out of 6

(4x5=20)

a) Stove in chest

b) Tuning fork test

c) Polycystic kidney

d) Volvulus

e) Dental Caries

f) Nasal Polyp

Q. 3. Write any 4 out of 6 (4x5=20)

- a) Quinsy
- b) Cholesteatoma
- c) Amoebic liver abscess
- d) Waldevers ring
- e) Phimosiis
- f) Achalasia cardia

Q. 4. Write any 2 out of 4 (LAQ) (2 x10=20)

- a) Colle's Fracture
- b) Diferential diagnosis of midline swelling of neck
- c) Root canal therapy
- d) ASOM

**Answer any 1 from Q. No. 5, 6, 7** (1 x20=20)

Q. 5. Describe hernia under

- a) Definition & Classification
- b) Aetiologi
- c) Clinical features
- d) Management of inguinal hernia

Q.6. Discuss tonsillitis

- a) Aetiopathologi
- b) Clinical Features
- c) Diferential Diagnosis
- d) Management

Q. 7. Describe pancreatitis

- a) Aetio pathogenesis
- b) Clinical features
- c) Investigations
- d) Management

Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write any 10 out of 15 (10x2=20)

- a) China in gall stones
- b) Staphysagria in styte
- c) Ferrum Phos. in Pharyngitis
- d) Nux Vom in Hernia
- e) Euphrasia in conjunctivitis
- f) Chamomilla in otalgia
- g) Plantago in tooth ache
- h) Belladonna in tonsillitis
- i) Arnica in injury
- j) Cantharis in burns
- k) Colocynth in abdominal colic
- l) spigelia in glaucoma
- m) Sanguinaria in nasal polyp
- n) Calc phos in bone complaints
- o) Pulsatilla in ear complaints.

Q. 2. Write any 4 out of 6 (4x5=20)

- a) Define varcosce veins & indications of secale cor
- b) Calcarea carb in cervical lymphadenopathy
- c) Asafoetida in osteomyelitis.

- d) Sabal serrulata in prostrate enlargement
- e) Argentum nitricum in ophthalmia neonatorum
- f) Chelidonium in gall stones

Q. 3. Write any 4 out of 6 (4x5=20)

- a) Hepar sulph & Silicea in abscess
- b) Spongia & Nat. Mur in goiter
- c) Capsicum in mastoiditis
- d) Calc. flour in Ganglion
- e) Nat. Sulph in head injury
- f) Symphytum in fracture

**LAQ**

Q. 4. Answer any 2 out of 4 (2x10=20)

- a) Define Hemorrhage. Write its types and indications of phosphorus & Hamamelis.
- b) Define Shock. Write its types, indications of carboveg & veratrum album in shock.
- c) Define intestinal obstruction, indications of opium & plumbum.
- d) Define epistaxis. Write its causes, indications of bryonia & sanguinaria.

**Write any one from Q. No. 5, 6 & 7 (1x20=20)**

Q. 5. Describe Renal Calculi

- a) Aetiopathogenesis
- b) Clinical features
- c) Indications of Lycopodium & Berberis vulgaris,

Q. 6. Describe

- a) Scope of Homoeopathy in surgery
- b) Limitation of Homoeopathy in surgery
- c) Pre & post operative role of Homoeopathy

Q. 7. Define Gangrene

Write the indications of Secale Cor, Lachesis & Arsenicum Album in gangrene.

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

PRELIMINARY EXAMINATION (May - 2013)

YEAR:- III B.H.M.S.

Marks 100	Sub:- Gyn. & Obst. - I	Time 3 Hrs.
--------------	------------------------	----------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.

As It is only for the placement sake, the distribution has been done.

**SECTION : A**

Q. 1. Write any 10 out of 15 (10x2=20)

- a) Carneous mole
- b) Morula
- c) Twin transfusion syndrome
- d) Erb's palsy
- e) After pains
- f) Bishop's score
- g) HELLP syndrome
- h) Liley's chart
- i) Crowning
- j) Bregma
- k) Colporrhexis
- l) Gametogenesis
- m) Naegele's formula
- n) Perineum

Q. 2. Write short answers (Any 4 out of 6) (4x5=20)

- a) Subinvolution
- b) Couvelaire uterus
- c) Retained placenta
- d) POP
- e) Diagnosis of pregnancy in 1<sup>st</sup> trimester
- f) Moulding

- Q. 3. Write short answer (any 4 out of 6) (4x5=20)
- a) MTP
  - b) Physiology of 1<sup>st</sup> stage of labour
  - c) Trial labour
  - d) Advice in ANC
  - e) Episiotomy
  - f) Bandl's ring.

**SECTION : B**

- Q. 4. Long answer question (any 2 out of 4) (2x10=20)
- a) New born normal infant.
  - b) Oligohydramnios
  - c) Perineal tear
  - d) Rupture of uterus.

**Long answer question (Any 1 from 5, 6 & 7 ) (20 Marks)**

- Q. 5. Pregnancy induced hypertension –
- a) Definition, its types
  - b) Causes, clinical features,
  - c) Investigations
  - d) management.
- Q. 6. Describe the physiological changes in pregnancy in detail.
- Q. 7. Asphyxia neonatorum.
- a) Define
  - b) types, causes
  - c) Clinical features
  - d) Management.

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

PRELIMINARY EXAMINATION (May - 2013)

YEAR:- III B.H.M.S.

Marks 100	Sub:- Gyn. & Obst – II	Time 3 Hrs.
--------------	------------------------	----------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. As It is only for the placement sake, the distribution has been done.

Q. 1. Write any 10 out of 15 (10x2=20)

- a) Define menorrhagia.
- b) Define polymenorrhagia
- c) What is precocious puberty.
- d) What are the causes of delayed menopause.
- e) Write four causes of carcinoma of cervix.
- f) Name 4 investigations for PCOD.
- g) Write 4 symptoms of ovarian tumours
- h) Two signs of gartner's cyst
- i) Define primary & secondary infertility.
- j) What is normal value and PH of semen?
- k) What is hypospadias?
- l) What is aspermia?
- m) Which is the permanent method of contraception in male & female
- n) Write any 2 contraindications for insertion of CUT.
- o) 2 benefit male condom.

Q. 2. Write short answers (any 4 out of 6 ) (4x5=20)

- a) Bartholin glands.
- b) Cervical polyp.
- c) Mucinous cystadenoma.
- d) Female condom
- e) Implant –(contraception)
- f) Bimanual examination.

- Q. 3. Write short answers (Any 4 out of 6) (4x5=20)
- a) Endocrinology of climacteric.
  - b) Teratoma
  - c) Granulosa cell tumour
  - d) Rhythm method.
  - e) Hodge smith pessary.
  - f) Cusco's speculum.

**SECTION : B**

- Q. 4. Long answer questions (any 2 out of 4) (2x10=20)
- a) Write in detail about puberty.
  - b) Write in detail about D.U.B.
  - c) Write contraindications and side effects of oral contraceptive pills.
  - d) Write indications and complications of D & C.

**Long answer question (Any 1 from 5, 6 & 7 ) (20 Marks)**

- Q. 5. Menopause
- a) Definition and age of menopause
  - b) Organ changes
  - c) Menopausal symptoms
  - d) General management.
- Q. 6. Uterine fibroid
- a) Sign and symptoms
  - b) Diagnosis
  - c) D/D
  - d) Secondary changes.
- Q. 7. Female and Male infertility
- a) Causes of female infertility
  - b) Investigations for female infertility
  - c) Causes of male infertility
  - d) Investigations for male infertility

As It is only for the placement sake, the distribution has been done.

Q. 1. Write any 10 out of 15 (10x2=20)

- a) Alternating action of medicine
- b) Secondary curative action
- c) Complex disease
- d) Complementary Remedy
- e) Indisposition
- f) One sided disease
- g) Define analysis & evaluation
- h) Accessory symptoms of disease
- i) Define reaction
- j) Define temperament
- k) Hydro genoid constitution
- l) Mesmerism
- m) Magnetism & galvanism
- n) Latent psora
- o) Eliminating symptom & keynote symptom

Q. 2. SAQ (any 4 out of 6) (4x5=20)

- a) Local diseases
- b) Mental diseases
- c) Natures law of cure
- d) Portrait of disease
- e) Aphorism no. 5
- f) False chronic diseases

Q. 3. SAQ (any 4 out of 6) (4x5=20)

- a) State theory of chronic disease – evolution
- b) Law of similars – discuss & mention its discovery
- c) Define & discuss temperaments in detail.
- d) Suppression
- e) Explain determinative & basic symptoms
- f) Individualization

Q. 4. Any 2 out of 4) (2x10=20)

- a) Define chronic disease & discuss its types.
- b) Discuss simple substance
- c) Sick explain
- d) Psora as deficiency

**LAQ (Any 1 out of Q. No. 5, 6 & 7) (20 Marks)**

Q. 5. Describe Hahnemannian disease classification.

- a) Why & how he classified diseases
- b) Define indisposition & surgical disease
- c) What are dynamic diseases explain types of acute diseases.
- d) What are true chronic diseases explain.

Q. 6. Describe second prescription

- a) Definition & its utility
- b) Types of second prescription
- c) Types – change of plan of treatment
- d) What is the importance of placebo

Q. 7. Describe scope & Limitations of homoeopathy according to Dr. Stuart close.

- a) Explain Homoeopathy is science of vital dynamics
- b) Explain Scope of Homoeopathy
- c) What is the primary objective of homoeopathic treatment?
- d) Discuss Dake's preposition & other limitations of Homoeopathy.

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.

Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write any 10 out of 15 (10x2=20)

- a) Pains of – Arg. Metallicum
- b) Discharge of – Iodum
- c) Tongue of – terebenthina
- d) Trio of delirium name them.
- e) Acute of Natrum mur in mind & how?
- f) Emaciation of aethuja.
- g) Hunger of lycopodium
- h) Thirst of Ars. Alb.
- i) Perspiration of Calc. Carb
- j) Constitution of Sepia.
- k) Mind of Aconite – 2 characteristic
- l) Name 4 drugs for morning diarrhea.
- m) Two drugs for preventing tetanus
- n) Sensation of weakness of chest – 2 drugs
- o) 2 drugs for after effects of abortion.

Q. 2. Short answers (Any 4 out of 6) (4x5=20)

- |                              |                        |
|------------------------------|------------------------|
| a) Aconite – Mental co       | b) Bromium – Resp. co. |
| c) Alumina – Neurological co | d) Arnica – Injury     |
| e) Baptisia – Fever          | f) Chammomilla – Baby  |

Q. 3. Short answers (Any 4 out of 6) (4x5=20)

- a) Tabacum – characteristic indications
- b) Kalmia lat – neuralgias

- c) Cannabis indica – mind
- d) Equisetum – urinary co
- e) Cyclamen – female co
- f) Hypericum – injury

Q. 4. LAQ (Any 2 out of 4) (2x10=20)

- a) Antim tart & Anti mars in res. Co.
- b) Sepia & murex in female co
- c) Rhus tox & Bryonia in joint complaints.
- d) Phosphoric acid & Muriatic acid in prostration

**LAQ (any 1 from Q. No. 5, 6 & 7) (20 Marks)**

Q. 5. Describe phosphorus under following headings.

- a) Constitution
- b) Mental Generals
- c) Physical generals with modalities
- d) With Important particulars.

Q. 6. Describe ‘Lachesis’ under following headings.

- a) Sphere of action with pathogenesis
- b) Physical generals with Gen. modalities
- c) Mental generals
- d) IMP Particulars

Q. 7. Describe “Nitric acid” under

- a) Pathogenesis
- b) Physical generals
- c) Mental generals
- d) IMP particulars with modalities.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**1<sup>st</sup> TERM END EXAMINATION (May - 2014 Batch)**

As It is only for the placement sake, the distribution has been done.

Q. 1. Answer any 5 out of 8 (5x2=10)

- a) Achalasia cardia
- b) Hiatus hernia
- c) Otagia
- d) Pilonidal sinus
- e) Carpal tunnel syndrome
- f) Impacted 3<sup>rd</sup> molar
- g) Little's area
- h) Good sal's rule

Q. 2. Answer any 2 out of 3 (2x5=10)

- a) Epistaxis
- b) Intussusception
- c) Tuning fork test

Q. 3. Answer any 1 out of 2 (1x10=10)

- a) Describe menieres disease, Aetiopathogenesis c/f & management.
- b) Define tonsillitis, write aetiopathogenesis, c/f, investigations & management.

Q. 4. Describe appendicitis under (1x20=20)

- a) Aetiopathogenesis
- b) Clinical features
- c) Investigations
- d) Management

Or

Q. 5. Describe benign prostatic hypertrophy

- a) Aetiology
- b) Pathology
- b) Clinical features
- d) management.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**1<sup>st</sup> TERM END EXAMINATION (May - 2014 Batch)**

**YEAR:- III B.H.M.S.**

<b>Marks</b> 50	<b>Sub:- Surgery – III</b>	<b>Time</b> 1 & ½ Hrs.
--------------------	----------------------------	---------------------------

**Instructions:-** 1) All Question are Compulsory.

2) All Question carry equal Marks.

3) The number to the **right** indicates **full** marks.

4) Draw diagrams **wherever** necessary.

5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.

6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Answer any 5 out of 8 (5x2=10)

- a) Two remedies for abscess
- b) Two indications of bryonia in epistaxis
- c) two remedies for otalgia
- d) Four drugs – conjunctivitis
- e) Ledum pal – injury
- f) Lemna minor – atrophic rhinitis.
- g) Cantharis – burns
- h) Belladonna – tonsillitis.

Q. 2. Answer any 2 out of 3 (2x5=10)

- a) Argentum nitricum in conjunctivitis
- b) China in gall stones.
- c) Calcarea carb in cervical lymphadenopathy

Q. 3. Answer any 1 out of 2 (1x10=10)

- a) Define wound. Write the types of wounds, indications of ledum pal & Hypericum in wounds
- b) Define Asom & Write indications of heparsulph & Silicea in asom.

Q. 4. Describe goiter (1x20=20)

- a) Aetio pathogenesis
- b) Clinical features
- c) Iodum & indications
- d) Auxillary measures

Or

Q. 5. Describe haemorrhoids

- a) Clinical features
- b) Aesculus – indications
- c) Aloe Soc. – indications
- d) Conservative management.

- o) Tongue tie

Q. 2. Write any 4 out of 6  
(4x5=20)

- a) Dental caries
- b) Colle's fracture
- c) Osteo arthritis
- d) Tennis elbow
- e) frozen shoulder
- f) Hydrocele

Q. 3. Answer any 4 out of 6  
(4x5=20)

- a) Achalasia cardia
- b) Epistaxis
- c) Allergic rhinitis
- d) Sub dural heamatoma
- e) Mastoiditis
- f) Breast abscess.

Q. 4. Answer 2 out of 4  
(2x10=20)

- a) Define sinusitis. Write in detail about maxillary sinusitis.
- b) Describe femoral hernia in detail
- c) d/d of lump in breast
- d) Describe complications of CSOM

**Answer any 1 from Q. No. 5, 6 & 7  
marks)**

**(20**

Q. 5. Describe renal calculi under

- a) Aetiopathogenesis
- b) Types of calculi
- c) C/F
- d) Management

Q. 6. Describe Acute tonsillitis

- a) Aetiopathogenesis
- b) C/f
- c) Investigations
- d) Management

Q. 7. Describe benign prostatic hypertrophy

- a) Aetio pathogenesis

- b) C/F
- c) Investigations
- d) Management

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**  
**PRELIMINARY EXAMINATION (May - 2014)**  
**YEAR:- III B.H.M.S.**

<b>Marks</b> <b>100</b>	<b>Sub:- Surgery -III</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	---------------------------	------------------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write 10 out of 15

(10x2=20)

- a) Bryonia – Epistaxis
- b) Calendula – wounds
- c) Ars alb – gangere
- d) Ledum Pal – Injury
- e) 4 drugs for acute abdomen
- f) 3 drugs for ear pain
- g) Hepar sulph – tonsillitis
- h) Cantharis – burns
- i) Coffea – toothache
- j) Chelidonium – liver
- k) Allium cepa – rhinitis
- l) pulsatilla – stye
- m) Arg. Nit – acid peptic disease
- n) 2 drugs for fistula in ano
- o) Nat. Mur. – Goitre

Q. 2. Write any 4 out of 6

(4x5=20)

- a) Capsicum – mastoiditis.
- b) Nux. Vom. – Hernia
- c) Spigelia & bryonia – glaucoma

- d) Staphysagria – stye
- e) sanguinaria in – nasal polyp
- f) Phosphorus – post operative role

Q. 3. Write 4 out of 6

(4x5=20)

- a) Silicea as antiseptic
- b) China in gall stones
- c) Spongia & iodum – goiter
- d) Pulsatilla – Blepharitis.
- e) causticum & cantharis – in burns
- f) Nit. Acid – Anal fissure

Q. 4. Answer any 2 out of 4

(2x10=20)

- a) Define hoarseness of voice : Write the indications of causticum, carboveg. Arg. Met.
- b) Symphytum & Calc Phos in fractures.
- c) Describe the c/f of pharyngitis. Write the indication of ferrum Phos. Belladonna, hepar. Sulph.
- d) Describe the c/f of CSOM, Write the indications of hepar sulph, pulsatilla & Psorinum

**Answer any 1 out of Q. No. 5, 6 & 7 (20 marks)**

Q. 5. Describe gangrene. Write the indications of lachesis, carbo. Veg., Ars. Alb.

Q. 6. Write the c/f of hemorrhoids, indications of aloes, ratahnia, collinsonia, aesculus.

Q. 7. Write the c/f of gall stones & Write the indications of Berberis vulgaris, Calc. carb. lycopodium.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

Q. 1. Write 10 out of 15

(10x2=20)

- a) Discharges of Euphrasia
- b) Causations of Dulcamara
- c) Trio of restlessness remedies
- d) Pains of Kalmia latifolia
- e) Gen. modalities – Causticum
- f) 4 characteristic mental of Can Indica
- g) Tongue of Crotalus Hor.
- h) 4 important guiding symptoms – thyroidinum
- i) Trio of flatulent remedies
- j) important 3 key notes of selenium.
- k) Kreosote - in tooth complaints
- l) Calendula – injury
- m) 4 thirstless remedies
- n) Bismuth – vomiting
- o) Definition of Homoeopathic Materia Medica

Q. 2. Write short answers (any 4) (4x5=20)

a) Fever – Baptisia

b) Aloes – Rectal Co

c) Cantharis – Urinary co

d) Cactus G – Heart co.

e) Arnica – Injury

f) Bovista – Skin co

Q. 3. Write short answers (Any 4) (4x5=20)

a) Caladium – Male co.

b) Secale cor – female co

c) Baryta carb – Baby

d) Tabacum – guiding co

e) Carbo Veg – GIT

f) Kali Sulph – Resp. co.

Q. 4. Answer any 2 of following

(2x10=20)

a) Croton tig & podophyllum – in diarrhea

b) Phosphoric acid & Muriatic acid – debility

c) Hyoscamus & stramonium – mind

d) dioscorea & colocynth – colic

Q. 5. Write in detail the drug picture of “lachesis” or “staphysagria” or “Iodum”.

(20x1=20)

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

PRELIMINARY EXAMINATION (May - 2014)

YEAR:- III B.H.M.S.

<b>Marks</b> <b>100</b>	<b>Sub:- Organon</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	----------------------	------------------------------

**Instructions:-** 1) All Question are Compulsory.

2) All Question carry equal Marks.

3) The number to the **right** indicates **full** marks.

4) Draw diagrams **wherever** necessary.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Night Blindness
- b) Dupuytren's contracture
- c) Ganglion
- d) Define orthophoria
- e) Luecoma
- f) Define staphyloma
- g) Define gangrene
- h) What is scotoma
- i) Define Haemangioma
- j) What is thyroglossal cyst
- k) Dacryops
- l) What is corn
- m) Define secondary haemorrhage
- n) What is carbuncle
- o) Nystagmus.

Q. 2. Write any 4 out of 6 (4x5=20)

- |                                    |                   |
|------------------------------------|-------------------|
| a) Hypermetropia                   | b) TAO            |
| c) Phlyctenular conjunctivitis     | d) Sebaceous cyst |
| e) Stages & types of wound healing | f) Iridocyclitis. |

Q. 3. Write any 4 out of 6

(4x5=20)

- a) Hypovolaemic shock
- b) Papilloedema
- c) Stye
- d) Dry eye syndrome

e) Wallace's rule of nine

f) Pyaemic abscess

Q. 4. Answer any 2 out of 4 (2x10=20)

a) Describe in detail malignant melanoma

b) Describe squint in detail

c) Write in detail about tetanus & management

d) Describe blepharitis in detail.

**Write any 1 from Q. No. 5, 6 & 7 (1x20=20)**

Q. 5. Define Haemorrhage write

a) Types of Haemorrhage

b) Causes of haemorrhage

c) Effects of haemorrhage

d) Management of haemorrhage

Q. 6. Define conjunctivitis write its

a) Classification

b) C/F of conjunctivitis

c) Vernal conjunctivitis

d) Management

Q. 7. Define cyst describe

a) Classification of cysts

b) Details of pseudopancreatic cyst

c) Clinical presentation

d) Management

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) 4 indications of spongia in goiter
- b) Allium cepa in allergic rhinitis
- c) Silicea in fissure in ANO
- d) Ruta – Ganglion
- e) 4 drugs for injury
- f) 4 drugs for epistaxis
- g) 4 indications of merc. Cor – cystitis
- h) 4 indications of aesculus in haemorrhoids
- i) 4 drugs for tonsillitis
- j) 4 indications of pulsatilla in styte
- k) 4 indications of merc Sol in gingivitis.
- l) 4 drugs for acute abdomen
- m) 4 indications of Amm. Carb in epistaxis
- n) Secale cor – gangrene
- o) Indications of plantago in toothache

Q. 2. Write any 4 out of 6 (4x5=20)

a) Indications of benzoic acid & Ruta in ganglion b) Indications of euphrasia in conjunctivitis

- c) Arg. Nit in ophthalmia neonatorum
- d) Capsicum in mastoiditis.
- e) Calc flour in osteoarthritis
- f) Hepar sulph in tonsillitis

Q. 3. Write any 4 out of 6 (4x5=20)

- a) Spigelia in glaucoma
- b) Belladonna & colocynth in appendicitis
- c) Symphytum & Calc. Phos in fractures
- d) Graphites & kreosote in deafness
- e) Sanguinaria & Allium cepa in nasal polyp

Q. 4. Answer any 2 out of 4 (2x10=20)

- a) Describe the treatment of burns in detail & indications of 3 Hom. Remedies.
- b) Write the c/f of osteomyelitis & indications of asafoetida & merc. Sol.
- c) Write c/f of atrophic rhinitis & indications of lemna minor & Ars. Alb.

d) Write c/f of Gangrene & indications of lachesis & Ars. Alb.

**Write any 1 from Q. No. 5, 6 & 7**

(1x20=20)

Q. 5. Discuss renal calculi

- a) C/f
- b) Types of renal Calculi
- c) Indications of Lycopodium
- d) Indications of Calc. Carb.

Q. 6. Discuss Shock

- a) Clinical presentation of types
- b) Indications of carbo Veg
- c) Indications of phosphorus
- d) General management

Q. 7. Discuss Hernia

- a) Clinical features & types
- b) Indications of Nux Vomica
- c) Indications of Opium
- d) Indications of Plumbum

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Nov. - 2014)**

**YEAR:- III B.H.M.S.**

<b>Marks</b> <b>100</b>	<b>Sub:- Gynecology &amp; Obstetrics – II</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	---	------------------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15)

(10x2=20)

- a) Lithotomy position
- b) Endometriosis

- c) Disadvantages of condom
- d) Oligomenorrhoea
- e) Aetiology of primary dysmenorrhoea
- f) Krukenberg tumour
- g) Fibroma
- h) Cryptomenorrhoea
- i) Vestibule
- j) Bartholin gland
- k) Sim's speculum
- l) Components of menstrual blood
- m) Physiological leucorrhoea
- n) Natural contraception
- o) Dermoid cyst

Q. 2. Answer the following questions (any 4 out of 6) (4x5=20)

- a) Semen analysis.
- b) Hystero salpigo graphy
- c) Oral contraceptive pills
- d) Endometrial cycle
- e) Colposcopy
- f) Ashermen's syndrome

Q. 3. Answer the following questions (any 4 out of 6) (4x5=20)

- a) Cryptomenorrhoea
- b) Turner's syndrome
- c) Uterine polyp
- d) Premenstrual tension syndrome
- e) Low backache
- f) Hypertrophy and elongation of the cervix

Q. 4. Long answer questions (any 2 out of 4) (2x10=20)

- a) Write in detail about puberty
- b) Write in detail about P.C.O.D.
- c) Write in detail about D.U.B. (Dysfunctional uterine bleeding)
- d) Write in detail about female infertility.

Q. 5. Long answer questions (any 1 from 5, 6 & 7) (1x20=20)

Describe dysmenorrhoea under following headings.

- a) Definition and types                      b) Aetiology  
c) Clinical presentation                      d) Diagnosis

Q. 6. Discuss cervical cancer under following heads.

- a) C.I.N. (Cervical intra epithelial neoplasia)      b) Aetiology of Ca Cervix  
c) Prevention of Ca Cervix                      d) Diagnosis of Ca Cervix

Q. 7. Discuss uterine fibromyoma in detail

- a) Definition and classification                      b) Secondary changes  
c) Clinical features                      d) Differential diagnosis

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Nov. - 2014)**

**YEAR:- III B.H.M.S.**

<b>Marks</b> <b>100</b>	<b>Sub:- Gynecology &amp; Obstetrics – III</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	--	------------------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) 4 drug for minor ailment in pregnancy  
b) 4 indication of secale cor in retained placenta  
c) 4 drugs for injury to birth canal  
d) 4 indication of caulophyllum in delayed labour

- e) four drugs for neonatal jaundice
- f) 4 drugs for agalata
- g) 4 indication of Bryonia in constipation in pregnancy
- h) 4 indication of Sabina in abortion
- i) Role of kreosote in Ca Cervix
- j) Role of Hydrastis in leucorrhoea
- k) Role of Borax in female infertility
- l) Sabina in menstrual disorders
- m) 4 Characteristic indications of pulsatilla in delayed puberty.
- n) Lachesis in menopause
- o) Amyle nitrosum in menopause

Q. 2. Write short answers (any 4) (4x5=20)

- a) Compare aesculus and aloe in piles in pregnancy
- b) Indication of phytolaca and conium in mastitis
- c) Compare sepia, murex & liliun tig in uterine prolapse
- d) 4 indicated drugs with their indications in amenorrhoea.
- e) Sabina & secale cor in menstrual disorder
- f) Compare phosphorus & sepia in hyper emesis gravidarum

Q. 3. Answer the following questions (any 4) (4x5=20)

- a) Indication of pulsatilla & cimicifuga in uterine inertia
- b) Caompare lauceracaus and Ant. Tart in asphyxia neonatrum
- c) Role of lyco, Borax, Nat Mur, Aurum Met in infertility
- d) Role of colocynth & Mag Phos in dysmenorrhoea
- e) 4 indication of aconite & belladonna in delayed labour
- f) Role of millifolium & ustilago in menorrhgia

Q. 4. Long answer questions (any 2) (10x2=20)

- a) Define sub-involution of uterus, its causes & indication of 4 important remedies for its management.

- b) Define Fibromyoma of uterus & its types with indications of two remedies.  
 c) Define Amenorrhoea. Write causes of Primary amenorrhoea with 2 indicated drugs  
 d) Define abortion, its type, causes & management with 4 indicated remedies.

- Q. 5. Long answer question (any 1 from 5, 6 & 7) (20 marks)  
 a) Define PPH and its types.  
 b) Causes of PPH  
 c) Management of it with indication of at least 4 important remedies.

- Q. 6. Define Asphyxia neonatarum & its type, causes and management of it with 4 important remedies.

- Q. 7. Define cervical erosion and explain its types, causes and 4 most indicated homoeopathic remedies.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

- Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)
- a) Coomb's test
  - b) Erb's palsy
  - c) Omphalocele
  - d) Spalding sign
  - e) Chorion
  - f) HELLP syndrome

- g) Striae gravidarum
- h) Weaning
- i) Tubal pregnancy
- j) Moro's reflex
- k) Isthmus
- l) Anencephaly
- m) Battledore placenta
- n) Kernicterus
- o) Precipitate labour

Q. 2. Write short answers (any 4 ) (5x4=20)

- |                        |                                   |
|------------------------|-----------------------------------|
| a) Protein hormones    | b) Hydrops foetalis               |
| c) Inversion of uterus | d) Uterine fibroid with pregnancy |
| e) Foetal membranes    | f) POP                            |

Q. 3. Answer the following questions (any 4) (4x5=20)

- |                    |                           |
|--------------------|---------------------------|
| a) Episiotomy      | b) Convelaire uterus      |
| c) Colostrum       | d) Aims of ANC            |
| e) Septic abortion | f) Complication of Anemia |

Q. 4. Long answer question (any 2) (10x2=20)

- a) Bandl's Ring
- b) IUD
- c) Physical features of new born
- d) E. V. C.

Q. 5. Long answer question (any 1 from Q. NO. 5, 6 & 7) (1x20=20)

Describe normal labour with following heading

- a) Definition and causes of onset
- b) Physiology
- c) Stages of labour

d) Events in 1<sup>st</sup> stage of labour

Q. 6. Describe multiple pregnancy with following heading

a) Definition and Etiology

b) Diagnosis

c) Complications

d) Management

Q. 7. Describe Asphyxia neonatrum with following

a) Definition and etiology

b) Classification & C/F

c) Complication

d) Management

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

- m) Mind symptoms of psora
- n) What are cognates? Give examples
- o) What is killer's aggravation according to Kent?

Q. 2. Write short answers (any 4 out of 6) (4x5=20)

- a) Explain theoretic medicine with its reference?
- b) Instances where Dr. Hahnemann has allowed the use of specific Antipathic measures in his sixth edition of organon

c) Explain aphorism no. 71.

d) Therapeutic indications of cold & lukewarm baths according to sixth edition of organon.

e) Enumerate and explain various types of actions propounded by Hahnemann in organon?

Give Examples.

f) Explain the concept and utility of Homoeopathic physician becoming “unprejudiced observer”?

Q. 3. Write short answers (any 4 out of 6) (4x5=20)

a) Enumerate and explain fundamental principles of Homoeopathy?

b) Define suppression with an example? Compare and contrast with cure? Give types of suppression?

c) Define second Prescription? Explain various types of second Prescription.

d) Define susceptibility? Explain the views of Stuart close with respect to susceptibility

e) Define constitution, temperament and diathesis? Give their types with examples?

f) Define with examples: a) Sign b) Symptom c) General symptom  
d) Characteristic particular e) PQRS symptoms

### LAQ

Q. 4. Long answer questions (any 2 out of 4) (2x10=20)

a) Define nature's law of cure explain with examples on various grounds

b) Give Dr. Kents views on the value of symptoms

c) Give Dr. Kents views on simple substance

d) Explain remedy reaction according to Dr. H. A. Roberts.

**Long Answer Question (any 1 from Q. No. 5, 6 & 7)** (20 marks)

Q. 5. Answer the following with respect to organon.

a) Case taking in various types of patient b) Do's of case taking?

c) Don't of case taking? d) Record keeping

Q. 6. Answer with respect to Organon

- a) Intermittent diseases – Hahnemanns definition
- b) Types of intermittent diseases
- c) Management of Each types
- d) Note on antipathic management and its hazards

Q. 7. Explain according to Stuart close

- a) Life
- b) Health
- c) Disease
- d) Indisposition

  - 5) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students cannot claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Answer any 10 out of 15 (10x2=20)

- a) Define indisposition
- b) Define complex disease
- c) Who is the ideal prover?
- d) Modalities of sycotic miasm.
- e) What is an intercurrent remedy?
- f) Define cognate with example.
- g) Define miasm
- h) What you mean by surrogates.
- i) Define theoretic medicine
- j) What is enantiopathy
- k) What you mean by duce nature
- l) What is a negative general symptoms
- m) Define posology
- n) Define surpended animation
- o) Who is the preserver of Health.

Q. 2. Write short answers (any 4 out of 6) (5x4=20)

- a) Aphorism No. 6
- b) Inappropriately named chronic diseases
- c) Criminal treason against divine Homoeopathy
- d) Portrait of disease
- e) Explain aphorism one
- f) Tautopathy – merits and demerits with definition.

Q. 3. Write short answers (any 4 out of 6) (5x4=20)

- a) Diathesis

- b) Constitution
- c) Temperament
- d) Clinical symptom
- e) Key note symptoms
- f) Individualization

Q. 4. LAQ (any 2 out of 4) (10x2=20)

- a) Hufelands statement "Homoeopathy removes the symptoms but does not cures"
- b) Limitations & scope of Homoeopathy
- c) Local diseases
- d) Case – Taking

**LAQ : (any1 out of Q. No. 5, 6 & 7) (5x4=20)**

Q. 5. Explain the following fundamental principles

- a) Law of minimum
- b) Law of simplex
- c) Doctrine of drug dynamization
- d) Doctrine of chronic disease

Q. 6. Describe the syphilitic miasm with respect to following points.

- a) Kent's concept
- b) Characteristic features of syphilitic miasm
- c) Mentals of syphilitic miasm
- d) Antisyphilitic remedies.

Q. 7. Define intermittent diseases? Give Hahnemanns views on intermittent diseases as per 6<sup>th</sup> edition regarding following heads.

- a) Types of intermittent diseases
- b) Management of intermittent diseases
- c) Allopathic management & its demerits.
- d) Miasmatic concept of intermittent diseases.

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

PRELIMINARY EXAMINATION (Nov. - 2015)

YEAR:- III B.H.M.S.

Marks 100	Sub:- Surgery – I	Time 3 Hrs.
--------------	-------------------	----------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Define Strabismus
- b) What is Emmetropia
- c) Spring Catarrh
- d) Define Erysipelas
- e) Ranula
- f) Hypopyon Ulcer
- g) Wound contraction
- h) Crush syndrome
- i) Corn
- j) Ganglion
- k) Calcaneal spur
- l) Define Leucoma
- m) Frost bite
- n) Follicle
- o) Hiltons Method

Q. 2. Write any 4 out of 6 (4x5=20)

- |                       |                  |
|-----------------------|------------------|
| a) Pyaemic abscess    | b) Myopia        |
| c) Malignant Melanoma | d) Rodent ulcer  |
| e) Raynuads disease   | f) Dermoid cyst. |

Q. 3. Write any 4 out of 6 (4x5=20)

- a) Indications of blood transfusion
- b) Manifest squint
- c) Optic atrophy
- d) Retinitis pigmentosa
- e) Cystic hygroma
- f) Pterygium

Q. 4. Answer any 2 out of 4 (2x10=20)

- a) Describe Hodgkins disease in detail
- b) Describe Clinical Features & Management of tetanus
- c) Describe Blepharitis
- d) Varicose veins.

**Write any 1 from Q. No. 5, 6 & 7** (1x20=20)

Q. 5. Describe Cataract in relation to

- a) Classification
- b) Pathology of senile cataract
- c) Clinical features
- d) Investigation & management of senile cataract

Q. 6. Describe Gangrene in detail

- a) Aetiopathogenesis
- b) Classification & Pathology
- c) Clinical features
- d) Investigation & management

Q. 7. Describe

- a) Scope of Homoeopathy in Surgery
- b) Limitation of Homoeopathy in Surgery
- c) Pre operative management.
- d) Post operative management.

<b>Marks</b> <b>100</b>	<b>Sub:- Surgery – II</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	---------------------------	------------------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.

Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Define Quinsy
- b) Cauliflower ear
- c) 4 causes of toothache
- d) Dental formula
- e) Sequestrum
- f) 4 Causes of Deafness
- g) Achalasia Cardia
- h) Green stick fracture
- i) Define Gingivitis
- j) Cleft lip
- k) Causes of Hiatus Hernia
- l) Little's Area
- m) Caloric test
- n) Richter's Hernia
- o) Goodsall' rule.

Q. 2. Write any 4 out of 6 (4x5=20)

- |                             |                   |
|-----------------------------|-------------------|
| a) Colle's fracture         | b) Dental caries  |
| c) Oral submucous fibrosis. | d) Epistaxis      |
| e) Reflex Oesophagitis      | f) Stove in chest |

Q. 3. Write any 4 out of 6 (4x5=20)

- a) Cholesteatoma
- b) Root canal therapy

- c) Acute Maxillary Sinusitis
- d) Volvulus
- e) Potts spine
- f) Haemothorax.

Q. 4. Write any 2 out of 4 (10x2=20)

- a) Differential diagnosis of midline swellings of neck
- b) Osteosarcoma in detail
- c) DNS – types, C/F investigation & management
- d) A S O M

**Write any 1 from Q. No. 5, 6 & 7 (1x20=20)**

Q. 5. Discuss Appendicitis under

- a) Types
- b) Clinical feature
- c) Differential Diagnosis
- d) Management & complications

Q. 6. Define Intestinal Obstruction .Describe

- a) Aetiopathogenesis
- b) C/f
- c) Investigation
- d) Management

Q. 7. Describe fracture in detail under

- a) Definition & classification
- b) C/f
- c) Management
- d) Complications

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Nov. - 2015)**

**YEAR: - III B.H.M.S.**

<b>Marks</b> <b>100</b>	<b>Sub:- Surgery – III</b>	<b>Time</b> <b>3 Hrs.</b>

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Sagittal Suture
- b) Kernicterus.
- c) Bishop's score
- d) Hegar's sign.
- e) Triple test
- f) Moro reflex
- g) Erb's palasy
- h) Habitual Abortion
- i) Lochia
- j) Attitude of Foetus
- k) Hellp syndrome
- l) Implantation
- m) Gastroshisis
- n) Uniovular twins
- o) Oogenesis

Q. 2. Write short answers (any 4 ) (4x5=20)

- a) Cervical Dystocia
- b) Condom
- c) Abnormalities of placenta
- d) Convelariae uterus
- e) Deep Transverse arrest
- f) Normal healthy newborn

Q. 3. Answer the following questions (any 4) (4x5=20)

- a) Complication of Anemia during Pregnancy
- b) Threatened Abortion
- c) Breast feeding
- d) Types of Placenta Praeulia
- e) Oligohydramnios
- f) Trial labour

Q. 4. Long answer question (any 2) (2x10=20)

- a) Tubectomy
- b) Physiology of Lactation
- c) Stages of Eclampsia

d) Fetal circulation

**Long answer question (any 1 from Q. NO. 5, 6 & 7)**

(1x20=20)

Q. 5. Ante natal care

- a) Define & Aims.
- b) Examination of ANC.
- c) Investigations in ANC.
- d) Managements.

Q. 6. Pregnancy induced Hypertension

- a) Definition and Types.
- b) Causes and Clinical features.
- c) Complications and Investigations.
- d) Managements.

Q. 7. Asphyxia Neonatorum

- a) Definition and Types.
- b) Causes.
- c) Clinical features.
- d) Investigations and Managements.

As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15)

(10x2=20)

- a) Ossiander's sign
- b) Moulding
- c) Lochia
- d) Still Birth
- e) Retained placenta
- f) Kernicterus
- g) Two advantages of breast feeding
- h) Partograph
- i) Bandl's ring
- j) Weaning
- k) Denominator
- l) Dystocia
- m) Habitual abortion
- n) IUGR

Q. 2. Answer the following questions (any 4 out of 6)

(4x5=20)

- a) Deep Transverse Arrest
- b) Foetal Circulation
- c) Septic Abortion
- d) USG in Obstetrics
- e) Development of Embryo
- e) Apgar Score

Q. 3. Answer the following questions (any 4 out of 6)

(4x5=20)

- a) Aims and objective of ANC
- b) Perineal Tear
- c) Physiology of Lactation
- d) Sub- Involution
- e) Diagnosis of pregnancy in 1<sup>st</sup> Trimester
- f) Normal healthy New Born

Q. 4. Long answer questions (any 2 out of 4)

(2x10=20)

- a) Rupture of Uterus
- b) Oligohydramnious
- c) Assisted breech delivery
- d) advice in ANC

**Long answer questions (any 1 from 5, 6 & 7)**

(1x20=20)

Q. 5. Pregnancy induced hypertension under following heading

- a) Definition and types
- b) Causes, clinical features
- c) Investigation
- d) Management

Q. 6. Describe polyhydramnios with following heading.

- a) Definition and aetiology
- b) Diagnosis

c) Complications d) Management

Q. 7. Describe low – birth weight baby under the following heading

a) Definition and aetiology b) Clinical features

c) Complications d) Management

Q. 1. Write appropriate answers (Any 10 out of 15)

(10x2=20)

a) Parasitic Fibroid

b) Lithotomy position

c) Components of menstrual blood

d) Krukenberg Tumour

e) Two indications for D & C

f) Postcoital test

g) Mittel schmerz

h) Senile Vaginitis

i) Sine's speculum

j) Fibroma

k) Natural contraception

l) Doderleins bacilli

m) Position of the uterus(Normal)

n) Pouch of douglas

o) Mons veneris

Q. 2. Write short answers (any 4)

(4x5=20)

a) Hysterosalpingography

b) Endometrial cycle

c) Ashermans Syndrome

d) Colposcopy

e) Oral Contraceptive pills	f) Semen analysis
-----------------------------	-------------------

Q. 3. Answer the following questions (any 4)	(4x5=20)
--	----------

- a) Cryptomenorrhoea
- b) Turner’s syndrome
- c) Pruritus Vulva
- d) Low Backache
- e) Uterine Polyp
- f) Endometritis.

Q. 4. Long answer questions (any 2)	(10x2=20)
-------------------------------------	-----------

- a) Write in detail about puberty
- b) Write in detail about P. C. O. D.
- c) Write in detail about D. U. B.
- d) Write in detail about menopause

Q. 5. Long answer question (any 1 from 5, 6 & 7)	(20 marks)
--	------------

Describe Dysmenorrhoea under following headings.

- a) Definition and types
- b) Aetiology
- c) Clinical presentation
- d) Diagnosis

Q. 6. Discuss uterine fibroid under following headings

- |                                  |                           |
|----------------------------------|---------------------------|
| a) Definition and classification | b) Secondary changes      |
| c) Clinical features             | d) Differential diagnosis |

Q. 7. Discuss cervical Cancer under following heads.

- |                            |                           |
|----------------------------|---------------------------|
| a) C.I.N.                  | b) Aetiology of Ca cervix |
| c) Prevention of Ca cervix | d) Diagnosis of Ca cervix |

Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students cannot claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

- Q. 1. Write appropriate answer (any 5) (5x2=10)  
 a) Symptoms of Hydatid cyst  
 b) Symptoms of Tetanus.  
 c) Intermittent claudication  
 d) Causes of Deep vein thrombosis  
 e) Classification of Burns.  
 f) Rhinolith.  
 g) CSF rhinorrhoea
- Q. 2. Write any 4 out of 6 (4x5=20)  
 a) Nasal Diphtheria b) Acute Sinusitis  
 c) Diagnosis of Lump d) Fistula & Sinus  
 e) Necrotising fasciitis f) Traumatic Gangrene
- Q. 3. Describe Shock in detail under following heading (1x20=20)  
 a) Defination & Classification b) Causes  
 c) Subtypes in detail d) Management
- OR
- Q. 4. Describe Head injury in detail under following heading (1x20=20)  
 a) Defination & Classification b) Clinical features  
 c) Investigations d) Management
- OR s
- Q5. Describe Rhinitis in detail under following heading (1x20=20)  
 a) Defination & Classification b) Rhinoscleroma  
 c) Atrophic rhinitis d) Vasomotor rhinitis

<b>Marks</b> 50	<b>Sub:- Surgery – II</b>	<b>Time</b> 1 & ½ Hrs.
--------------------	---------------------------	---------------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students cannot claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answer (any 5) (5x2=10)

- a) Defination & Clinical features of cellulitis
- b) Test of Translucency.
- c) Test of Fluctuation.
- d) Composition of Ringer Lactate solution
- e) Concealed Haemorrhage
- f) Anaplasia
- g) Lipoma

Q. 2. Write (any 4 out of 6) (4x5=20)

- |                       |                       |
|-----------------------|-----------------------|
| a) Nasal foreign body | b) Epistaxis          |
| c) Nasal polyps.      | d) Chronic Sinusitis. |
| e) Retention cyst.    | f) Abscess            |

Q. 3. Discribe Burns in detail with Homoeopathic management. (1x20=20)

OR

Q. 4. Describe Gangrene in detail with Homoeopathic management. (1x20=20)

OR

Q. 5. Describe Peptic ulcer in detail with Homoeopathic management. (1x20=20)

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**  
**1<sup>st</sup> TERM END EXAMINATION (Nov. - 2016 )**

- i) Mental symptoms of Anacardium.
- j) Bovista-Skin complaints.
- k) Crotalus hor - haemorrhages.
- l) Sticta pulm. - respiratory complaints.
- m) Terbinthina - Urinary complaints.
- n) Picric acid – debility.
- o) Key notes of Zincum met.

Q. 2. Write short answers (any 4 ) (4x5=20)

- a) Causation & constitution of Nux Vomica.
- b) Bryonia Alba. in fever.
- c) Ledum pal - injury.
- d) Aconite - Mental symptoms.
- e) Arsenicum album – GIT complaints.
- f) Sepia – female complaints.

Q. 3. Write short answers (any 4) (4x5=20)

- a) Equisetum – urinary complaints.
- b) Lachesis – Mental symptoms.
- c) Adonis Ver. – Heart complaints.
- d) Cuprum met in convulsions
- e) Thalassia Bursa in female complaints.

f) Lycopodium in male complaints.

Q. 4. Describe any 2 out of the following (2x10=20)

- a) Compare podophyllum & Croton tig. in GIT complaints.
- b) Compare Pulsatilla & Cyclamin in female complaints.
- c) Compare Graphitis & Petroleum in skin complaints.
- d) Compare Antim tart & Antim Ars.in Respiratory complaints.

Q. 5. Describe in detail under following headings the drug picture (20 marks )

of "Mercurius"

OR

of "Nitric acid"

OR

of "Kali carb"

- a) Ailments & pathogenesis.
- b) Constitution.
- c) Mental & Physical generals.
- d) Important 4 particulars.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**1<sup>st</sup> Term End EXAMINATION (May - 2017)**

**YEAR: - III B.H.M.S.**

<b>Marks</b> <b>50</b>	<b>Sub:- Surgery – I</b>	<b>Time</b> <b>1&amp;1/2 Hrs</b>
---------------------------	--------------------------	-------------------------------------

**Instructions:-** 1) All Question are Compulsory.

2) All Question carry equal Marks.

3) The number to the **right** indicates **full** marks.

  - e) Indications of Ledum pal in osteoarthritis.
  - f) Indications of Ammonium Carb. in epistaxis.
  - g) Indications of Allium cepa in allergic Rhinitis.
  - h) Indications of Belladonna in Otitis externa.

- i) Indications of Heper Sulph. in laryngitis.
- j) Indications of Spongia in goitre.
- k) Indications of Hyoscymus in dysphagia.
- l) Indications of Nitric acid in haemorrhoids.
- m) Indications of Heper Sulph in boil.
- n) Indications of Arnica in injury.
- o) Indications of Rhus Tox. in ostioarthritis.

Q. 2. Write any 4 out of 6 (4x5=20)

- a) Define intestinal obstruction & give indication of Alumina.
- b) Define Fracture & give indications of Cal. Phos. in it.
- c) Define Gastric ulcer & indication of Kali Carb. in gastric ulcer.
- d) Define acute supportive otitis media & give any two drugs for it.
- e) Give Indications of Coffea in Dental disorders.
- f) Give Indications of Merc-Sol. In cold abscess.

Q. 3. Write (any 4 out of 6) (4x5=20)

- a) Indications of Thuja in Prostatic enlargement.
- b) Define Fibroadenoma & give indication of Lac. Can.
- c) Benzoic acid - gargle.
- d) Bell - in appendicitis.
- e) Silica in Cataract.
- f) Indications of two drugs for Gangrene.

Q. 4. Answer (any 2 out of 4) (2x10=20)

- a) Indications of four drugs in Burns.
- b) Indications of four drugs for abdomen colic.
- c) Indications of four drugs for shock.
- d) Indications of four drugs in Haemorrhoids.

**Write any 1 from Q. No. 5, 6 & 7** (1x20=20)

Q. 5. Discuss Tonsillitis

- |                                       |                         |
|---------------------------------------|-------------------------|
| a) Acute Prescribing.                 | b) Chronic Prescribing. |
| c) Scope & Limitations of Homoeopathy | d) Auxillary methods.   |

Q. 6. Discuss gall stones

- a) Clinical feature.
- b) Cheledonium.
- c) Lycopodium.

d) Sepia in gall stone.

Q. 7. Explain in detail Renal Calculi with

a) Aetiology.

b) Types.

c) Clinical features.

d) Two indicated drugs Lyco, garsaparrila.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (May - 2017)**

**YEAR: - III B.H.M.S.**

<b>Marks</b> <b>100</b>	<b>Sub:- HMM</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	------------------	------------------------------

**Instructions:-** 1) All Question are Compulsory.

2) All Question carry equal Marks.

3) The number to the **right** indicates **full** marks.

4) Draw diagrams **wherever** necessary.

5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.

6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15)

(10x2=20)

a) Modalities of Colocynth

b) Eye complaints of Euphrasia

c) Key notes of Platina

d) Injury in Ledum Pal

e) Female complaints of Secale cor.

f) Constitution of Sepia.

g) Baryta carb Baby.

h) Toothache of Kreosotum.

i) Spongia tosta Resp.

- j) Define "Diathesis" with examples.
- k) Tongue of Terbinthina.
- l) Causative factors in staphysagria.
- m) Key notes of Agaricus mus.
- n) Mentals of stramonium.
- o) Name four thirstless remedies.

Q. 2. Write short answers (any 4) (4x5=20)

- a) Mentals of Aurum met.
- b) GIT of Colchicum.
- c) Key notes of Gelsemium.
- d) Respiratory complaints of Antim tart.
- e) Heart complaints of Digitalis.
- f) Fever in Aconite.

Q. 3. Write short answers (any 4) (4x5=20)

- a) Indications of Naja.
- b) Mentals of Tarentula.
- c) Female complaints of Thlaspi Bursa.
- d) Causticum in Urinary complaints
- e) Kalmia in Rheumatism.
- f) Adonis in Heart complaints.

Q. 4. Describe any 2 out of the following (2x10=20)

- a) Compare & contrast Lycopodium with Carbo veg in GIT.
- b) Compare & contrast Pulsatilla & Cyclamen in female complaints.
- c) Compare & contrast Ignatia & Nat.mur.in Mind.
- d) Compare & contrast Sulphur & Graphitis in Skin.

**Write any 1 from Q. No. 5, 6 & 7**

Q. 5. Describe in detail under following headings the drug picture (20 marks )  
of "Arsenic album"

- a) Constitution.
- b) Mental general.
- c) Physical general.
- d) General modalities Drug relations.

OR

Q. 6. of "Nux vomica"

- a) Constitution.
- b) Mental general.
- c) Physical general.
- d) General modalities Drug relations.

OR

- Q. 7. of "Lachesis"
- a) Constitution.
  - b) Mental general.
  - c) Physical general.
  - d) General modalities Drug relations.

- Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)
- a) Vaginismus.
  - b) Dyspareunia.
  - c) Action of I.U.C.D.
  - d) Chocolate cyst of ovary.
  - e) Condom -Advantages & Disadvantages.
  - f) Diagnostic disorder on H.S.G.
  - g) Causative organisms of Trichomonus & monilial vaginitis.
  - h) Secondary changes of uterine fibroid.
  - i) In Vitro fertilisation.
  - j) Menarche.
  - k) Nabothian cyst.

- l) Supports of Uterus.
- m) Spermatogenesis.
- n) Pyometra.
- o) Hydro salpinx.

- Q. 2. Answer the following questions (any 4 out of 6) (4x5=20)
- a) Cryptomenorrhoea.
  - b) Physiological function of Oestrogen in females.
  - c) Uterine Polyp.
  - d) Membranous Dysmenorrhoea.
  - e) Teratoma.
  - f) Pap smear.

- Q. 3. Answer the following questions (any 4 out of 6) (4x5=20)
- a) Natural contraceptives.
  - b) Retroverted Uterus.
  - c) Menorrhagea.
  - d) Hypomenorrhoea.
  - e) Causes of genital Prolapse.
  - f) Necrobiasis.

- Q. 4. Long answer questions (any 2 out of 4) (2x10=20)
- a) Vesico vaginal Fistula
  - b) Cervical Erosion.
  - c) Adenomyosis.
  - d) Post menopausal bleeding.

**Long answer questions (any 1 from 5, 6 & 7) (1x20=20)**

- Q. 5. Explain Pelvic Inflammatory disease under following heads.
- a) Definition & classification
  - b) Aetiology
  - c) Clinical Features
  - d) Complications & Management

OR

- Q. 6. Discuss Infertility under following headings.
- a) Define Infertility & causes of male Infertility
  - b) causes of female Infertility
  - c) Investigations for female Infertility
  - d) Management of female Infertility

OR

- Q. 7. Discuss cervical Genital Tuberculosis under following heads.
- a) Aetiology
  - b) Clinical Features
  - c) Investigations
  - d) Management

Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Define Shock, give types.
- b) What is Myopia?
- c) What is Sty?e?
- d) Presbyopia.
- e) Dacryocystitis.
- f) Define Trachoma.
- g) What is Sinus & Fistula?
- h) Define Goitre.
- i) Define frozen shoulder.
- j) Active haemorrhage.
- k) Chalazion.
- l) What is meant by frost bite?
- m) What is mean by Pain & tenderness? Write name of different types of pain.
- n) Give complication of blood transfusion.
- o) IOP.

Q. 2. Write (any 4 out of 6) (4x5=20)

- a) Explain errors of refraction in detail.
- b) Boils & its management.
- c) Define cyst & give its classification.
- d) Cold abscess.
- e) What is Squint & give its management.
- f) Iritis.

Q. 3. Write answer (any 4 out of 6) (4x5=20)

- a) Define Carbuncle. Give aetiology.
- b) Hypovolumic shock.
- c) Haemorrhage.
- d) Wound healing .
- e) Raynaud's syndrome.
- f) Thorasic outlet syndrome.

Q. 4. Long Answer Questions (any 2 out of 4) (2x10=20)

- a) What is Burn? Give rule of nine & management of burn..
- b) Describe blefaritis with clinical feature.
- c) Blood transfusion – Indications, collection & storage type & complications.

d) Sebaceous cyst.

**Long Answer Question ( any 1 from Q. No. 5, 6 & 7 )**

(1x20=20)

Q. 5. Write down Tetanus under following headings

- a) Aetiology.
- b) Pathology.
- c) Clinical features.
- d) Management.

Q. 6. Write down Cataract under following headings

- a) Aetiology.
- b) Pathology.
- c) Clinical features.
- d) Treatment.

Q. 7. Write down Gas Gangrene under following headings

- a) Aetiology.
- b) Pathology.
- c) Clinical features.
- d) Investigation & Treatment.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

Q. 1. Write appropriate answers (Any 10 out of 15)

(10x2=20)

- a) Oxalate Calculi .
- b) Define Hernia.
- c ) Sequestrum.
- d) Singer's nodes.
- e) Laryngocele.
- f) Little's area.
- g) Peaud' orange appearance of breast.
- h) Four causes of Hoarseness of voice.
- i) Adenoid facies.
- j) Four signs of fracture.
- k) Four causes of Earache.
- l) Four indications of Adenoidectomy.
- m) Four of tonsillectomy.
- n) Murphy's syndrome.
- o) Classification of Pharyngitis.

Q. 2. Write any 4 out of 6 (4x5=20)

- a) Anal Fistula.
- b) Dental caries.
- c) Fibroadenoma of breast.
- d) Symptomatology of intestinal obstruction.
- e) Acute maxillary Sinusitis.
- f) Colle's Fracture.

Q. 3. Write any 4 out of 6 (4x5=20)

- a) Intussusception.
- b) Indication of tracheostomy.
- c) Congenital dislocation of Hip.
- d) Pneumothorax.
- e) Meniere's disease.
- f) Root canal.

Q. 4. Long Answer Questions ( any 2 out of 4) (10x2=20)

- a) Clinical Presentation of Ca-breast.
- b) Nasal polyposis.
- c) Clinical feature of Benign enlargement of prostate.
- d) Fracture neck of femur.

**Write any 1 from Q. No. 5, 6 & 7** (1x20=20)

Q. 5. Discuss Fracture in detail under following heads

- a) Definitions & Classification.
  - b) Clinical features.
  - c) Principal of management.
  - d) Complication.
- Q. 6. Describe Otitis media under following heads
- a) Definitions & Classification.
  - b) Clinical features of acute otitis media.
  - c) Complication.
  - d) Management of acute otitis media.
- Q. 7. Describe Acute Pancreatitis under following heads
- a) Aetiology.
  - b) Clinical features
  - c) Investigation & Complication.
  - d) Management & Homoeopathic Management.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

- Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)
- a) Write four Indications of Silicea in Abscess.

- b) Write four symptom of Cantheris in cellulitis.
- c) Write any two name of remedy for Nasal Polyps.
- d) Write indication of Baryta carb in Quinsy.
- e) Write four remedy for Otorrhoea.
- f) Write four indications of Ammonium carb in Epistaxis.
- g) Write name of four Otomycosis.
- h) Write name of four remedy in Toothache.
- i) Write four indication of Lac can in Fibroadenosis.
- j) Write name of two remedy for post operative Pyrexia.
- k) Write four remedy for Dacryocystitis.
- l) Write four indication of Merc Sol.in Osteomyelitis.
- m) Write four indication of Borax in Stomatitis.
- n) Write four indication of Nitric acid in Fissure in ano.
- o) Write four indication of Lyo in Renal stone.

Q. 2. Write short answer (any 4 out of 6) (4x5=20)

- a) Define Pyloric stenosis . Write indicating of Merc. Sol., arsenicum album.
- b) Gastric ulcer – Arg. Nit. , Phosph .
- c) Indication of Merc. Sol. & Mezerium in dental caries.
- d) Indication of Cal. Phos. & Symphytum in fracture.
- e) Write indication of Nat.Mur. & Kali Bich. In sinusitis.
- f) Define pneumothorax & indication of Kali carb.

Q. 3. Write short answer(any 4 out of 6) (4x5=20)

- a) Write indications of of two remedies in haemorrhoids.
- b) Write indications of of two remedies in fistula in ano.
- c) Write indications of of two remedies in allergic rhinitis.
- d) Write indications of of two remedies in Lump in breast.
- e) Write indications of of two remedies in Mastoiditis.
- f) Write indications of of two remedies in ASOM.

Q. 4. **Long Answer Questions** (any 2 out of 4) (2x10=20)

- a) Discuss four remedy in Burn.
- b) Discuss Phosphorus & Arsenic Album in GORD (Gastro-oesophagal Reflux Disease) .
- c) Write feature of Anemia. Write down indication of Nat.Mur. & Ferrum Met.
- d) Write clinical feature of atrophic rhinitis & Indications of Arsenic Album.

**Long Answer Questions (any 1 from Q. No. 5, 6 & 7)** (1x20=20)

Q. 5. Discuss Tonsillitis

- a) Aetiology.    b) Acute Prescribing.  
 c) Chronic Prescribing.    d) Scope & Limitations of Homoeopathy.

OR

Q. 6. Discuss gall stones

- a) Clinical feature.    b) Indication of Cheledonium.  
 c) Indication of Lycopodium.    d) Indication of Sepia.

OR

Q. 7. Explain in detail Osteoarthritis with

- a) Aetiology.    b) Clinical features.  
 c) Any four drugs indication for Osteoarthritis.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Winter - 2017)**

**YEAR:- III B.H.M.S.(New)**

<b>Marks</b> <b>100</b>	<b>Sub:- HMM</b>	<b>Time</b> <b>3 Hrs.</b>

4) Draw diagrams **wherever** necessary.

5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.

6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students cannot claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Function of Amniotic Fluid.
- b) Position of Foetus.
- c) Spermatogeneses.
- d) Bishop's Score.
- e) Physical features of New Born.
- f) Uterine Inertia.
- g) Abdominal pregnancy.
- h) IUD
- i) Blastocyst.
- j) Sutures of Foetal skull.
- k) Complications of Anaemia in pregnancy.
- l) Abnormalities of Placenta.
- m) Threatened abortion.
- n) Kernicterus.

o) Oligohydramnios

Q. 2. Write short answers (any 4) (4x5=20)

a) Diagnosis of Pregnancy in 2<sup>nd</sup> trimester

b) MTP

c) Placental circulation

d) Inversion of Uterus.

e) Bandl's Ring

f) Deep Transverse Arrest

Q. 3. Answer the following questions (any 4) (4x5=20)

a) Complication of Pre-Eclampsia

b) Bandl's Ring

c) Convelaire Uterus

d) Retained Placenta

e) Haematological changes in Pregnancy

f) Breast Feeding

Q. 4. Long answer question (any 2) (2x10=20)

a) Trial Labour

b) Ophthalmia Neonatorum

c) Abdominal Pregnancy

d) Mechanism of Labour in Breech presentation

**Long answer question (any 1 from Q. NO. 5, 6 & 7)**

(1x20=20)

Q. 5. Asphyxia Neonatorumss

a) Definition .

b) Causes.

c) Clinical features.

d) Managements.

Q. 6. Abortion

a) Definition.

b) Types.

c) Causes.

d) Managements of missed Abortion.

Q. 7. Antenatal Care

a) Definition , Aim & Objective.

b) Examination.

c) Investigations.

d) Managements.

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

TERM END EXAMINATION (Summer - 2018 Batch)

YEAR: - III B.H.M.S.(New)

Marks 50	Sub:- Surgery – I	Time 1 & ½ Hrs.
-------------	-------------------	--------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students cannot claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answer (any 5 out of 8) (5x2=10)

- |                            |                   |
|----------------------------|-------------------|
| a) Shock (Hyporolomic)     | b) Wound healing. |
| c) Define abscess?         | d) Buptholmos     |
| e) Define Sinus & Fistula? | f) Stye           |
| g) Error of refraction     | h) Cold abscess   |

Q. 2. Write any 4 out of 6 (4x5=20)

- |                  |                      |
|------------------|----------------------|
| a) Rule of nine  | b) Corneal ulcer     |
| c) Dacrocystitis | d) I.O.P.            |
| e) Haemorrhage   | f) Blood transfusion |

**Long Answer Question (any 1 out of 3)**

Q. 3 Describe Shock in detail (1x20=20)

- |              |                                 |
|--------------|---------------------------------|
| a) Types     | b) Aetiology                    |
| c) Pathology | d) Management with two handrugs |
- OR

Q. 4. Describe Burn

- |              |                  |
|--------------|------------------|
| a) Types     | b) Investigation |
| c) Pathology | d) Management    |

- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Define Sinus.
- b) Define Cyst with its type.
- c) Fistula in ano.
- d) Murphy's traid.
- e) Rat tail sign.
- f) McBurney's point.
- g) Pneumothorax.
- h) Define Fistula.
- i) What is Reynauds phenomena?
- j) What is Primary Haemorrhage?
- k) Indication of Lachesis in Haemorrhage.
- l) Indication of Aloes in Piles.
- m) Cellulitis.
- n) Erysipelas.
- o) Indication of Lycopodium in Renal calculus.

Q. 2. Write short notes (any 4 out of 6) (4x5=20)

- a) Fistula in ano.
- b) Haematuria? Aetiological factors for Haematuria.
- c) Ano rectal abscess.
- d) What is Phimosi? Management of Phimosi.
- e) Fibroadenoma of Breast.
- f) Pilonidal Sinus

Q. 3. Write short answer (any 4 out of 6) (4x5=20)

- a) Indication of Nux vomica.
- b) Indication of Lycopodium in Inguinal Hernia.
- c) Carbo veg in Shock.
- d) Indication of Berberis vulgaris in Gall stone .
- e) Indication of Arnica in Injury.
- f) Indication of Phosphorus in Haemorrhage.

Q. 4. **Long Answer Questions** (any 2 out of 4) (2x10=20)

- a) Tetanus, its Clinical feature, Management with 3 Homoeopathic drug.
- b) Peptic ulcer Complication & 4 Homoeopathic drugs for Peptic ulcer.
- c) Define Intestinal obstruction? Scope of Homoeopathy with 4 Homoeopathic drugs.
- d) What is Gangrene ? Type, Pathophysiology & Clinical features of Gangrene with 4 Homoeopathic drugs.

**Long Answer Question ( any 1 from Q. No. 5, 6 & 7 ) (1x20=20)**

Q. 5. What is mean by Shock? Give indication of 4 Homoeopathic drugs in Shock.

OR

Q. 6. What is Appendicitis? Aetiology, Clinical features, Local examination with indication of 4 Homoeopathic drugs.

OR

Q. 7. What is Haemorrhoids? Its Aetiology, Pathology, Clinical feature & Local examination with 4 Homoeopathic drugs.

Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Classification of Rhinitis.
- b) Green stick fracture.
- c) Define Colle's fracture.
- d) Chalazion.
- e) Indication of Aconite in Glucoma.
- f) Indication of Pulsatilla in Styte.
- g) Vasomotor Rhinitis.
- h) Indication of Coffia in Toothache.
- i) Indication of Mezerium in Toothache.
- j) Baryta in Adenoids.
- k) Lachesis in Wax.
- l) Ammonium carb in Epistaxis.
- m) Lachesis in Tonsilitis.
- n) Calcaria phos in Fractures.
- o) Indication of Capsicum in Mastoid abscess.

Q. 2. Write short answers ( any 4 out of 6) (4x5=20)

- a) Otitis externa.
- b) Singers nodules.
- c) ASOM (Acute Suppurative Otitis Media)
- d) Classification of # (fracture).

e) Trachoma.

f) Chemosis.

Q. 3. Write short answers (any 4 out of 6)

(4x5=20)

a) Indication of Euphrasia in Rhinitis.

b) Indication of Calcaria fluor in Cataract.

c) Give indication of Arnica in Epistaxis.

d) Name two remedies with indications of fracture.

e) Arsenic album & Aconite in Conjunctivitis.

f) Give indication of Causticum in Laryngitis.

Q. 4. **Long Answer Questions** ( any 2 out of 4)

(10x2=20)

a) What is Nasal polyps? Explain its types, clinical features, management with indication of 4 Homoeopathic drugs

b) CSOM, its Aetiology, Pathology, Pathogenesis, Clinical features with indication of 4 Homoeopathic remedy.

c) Osteomyelitis, types, Aetiology, Pathology, Clinical features with 4 Homoeopathic drugs.

d) Corneal ulcer in detail with 4 Homoeopathic drug indication.

**Long Answers Questions (any 1 from Q. No. 5, 6 & 7)**

(1x20=20)

Q. 5. Define Fracture? Explain # neck of Femur in detail with its types, Clinical features, Investigation & Homoeopathic treatment.

OR

Q. 6. Discuss Cataract

a) Aetiology.

b) Classification.

c) Sign & Symptoms.

d) Homoeopathic Management.

OR

Q. 7. Tonsillitis in detail

a) Aetiology.

b) Pathology & Classification.

c) Sign & Symptoms.

d) Homoeopathic Management.

- g) Law of Least Action.
- h) Define one sided disease.
- i) Write Suspended Animation.
- j) Write Secondary Action.
- k) Define 2<sup>nd</sup> Prescription.
- l) Importance of Local Application.
- m) Define Posology.
- n) Define Homoeopathic Aggravation.
- o) Theoretic medicine.

**Q. 2. SAQ (any 4 out of 6)**

**(4x5=20)**

- a) Intermittent Fever.
- b) Types of Mental Diseases.
- c) Mesmerism.
- d) Temperament.
- e) Diathesis.
- f) Constitution.

**Q. 3. SAQ (any 4 out of 6)**

**(4x5=20)**

- a) Keynote symptoms.
- b) Totality of symptom.
- c) Precaution to be taken during Drug Proving.
- d) Artificial chronic diseases.
- e) Kent's 3<sup>rd</sup> & 6<sup>th</sup> Observation.
- f) Isopathy.

**Q. 4. Long Answer Questions (Any 2 out of 4)**

**(2x10=20)**

- a) Indisposition as per Dr. J. T. Kent.
- b) Law of Palliation.
- c) Homoeopathy & Fundamental Laws by Dr. Robert.
- d) Logic of Homoeopathy by Dr. S. Close.

**Long Answer Questions (Any 1 out of Q. No. 5, 6 & 7)**

**(1x20=20)**

Q. 5. Explain Dr. Robert's Concept of Psora & Sycotic miasm.

OR

Q. 6. Discuss in detail Concept of Drug Proving.

OR

Q. 7. Explain Concept of Susceptibility according to Dr. S. Close. & its modifying factors.

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

PRELIMINARY EXAMINATION ( Winter - 2018)

YEAR:- III B.H.M.S.(2015)

<b>Marks</b> <b>100</b>	<b>Sub:- Organon</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	----------------------	------------------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write (any 10 out of 15)**

**(10x2=20)**

- a) Homoeopathic Specific Remedy.
- b) Write Intercurrent Remedy.
- c) Write Qualities of Prover.
- d) Write Qualities of Vital Force.
- e) Write Complementary Remedy.
- f) Suspended Animation.
- g) Write 4 characteristic features of Psora.
- h) Define Individualization according to Dr. Kent.
- i) Define One sided Disease.
- j) Importance of Bath in Homoeopathic treatment.
- k) Causes of Acute disease.
- l) What Material cause of disease.
- m) Define Mental symptoms.
- n) Define Grand symptoms.
- o) Define maintaining cause.

**Q. 2. SAQ (any 4 out of 6)**

**(4x5=20)**

- a) Define Ancillary measures.
- b) Define Chronic disease & its types.
- c) Define Temperament.
- d) Define Law of Palliation according to Dr. Robert.

e) Define Law of Simplex      f) Define Totality of symptoms.

**Q. 3. SAQ (any 4 out of 6)      (4x5=20)**

- a) Medicinal Aggravation.      b) Antipathy.  
c) Isopathy.      d) Surrogate.  
e) 26<sup>th</sup> Aphorism explains.      f) Tubercular miasm.

**Q. 4. Long Answer Questions (Any 2 out of 4)      (2x10=20)**

- a) What happens when two dissimilar meet together in the human organism?  
Explain with examples?  
b) Write in detail about the Cardinal Principles.  
c) Explain in detail about Logic according to Dr. S. Close.  
d) Write in detail about “The Dynamic Action of Drugs” according to Dr. Roberts.

**Long Answer Questions (Any 1 out of Q. No. 5, 6 & 7)      (1x20=20)**

Q. 5. Define Remedy Reaction. Describe in detail various aggravation according to Dr. Roberts.

OR

Q. 6. Define 2<sup>nd</sup> Prescription in detail & its types according to J. T. Kent.

OR

Q. 7. Define in detail about the concept of Susceptibility, Reaction & Immunity. Explain in relation to modifying factors affecting according to Dr. Close.

<b>Marks</b> <b>100</b>	<b>Sub:- Surgery – I</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	--------------------------	------------------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Mention factors affecting wound healing.
- b) Define Carbuncle.
- c) Define Trigeminal neuralgia.
- d) Name four indication of blood transfusion.
- e) Mention rule of nine.
- f) List the types of Aneurysm.
- g) Define Abscess & its type.
- h) Define Burger's disease.
- i) Define Keloid & name the commonest site.
- j) Define varicose ulcer.
- k) Clinical feature of corneal ulcer.
- l) Define Nystagmus.
- m) Define Presbyopia.
- n) Define Stye.
- o) Define Myopia.

**Q. 2. Write (any 4 out of 6) (4x5=20)**

- a) Aconite neuroma.
- b) Bedsore.
- c) Lipoma.
- d) Haemangioma.
- e) Chalazian.
- f) Describe catarrhal conjunctivitis.

**Q. 3. Write answer (any 4 out of 6) (4x5=20)**

- a) Boil in detail.
- b) Abscess in detail.
- c) Dermoid cyst.
- d) Describe types of Haemorrhage.

e) Dacryocystitis.

f) Exophthalmus.

**Q. 4. Long Answer Questions (any 2 out of 4)**

**(2x10=20)**

a) Conjunctivitis in detail.

b) Blepharitis.

c) Shock with its type.

d) Tetanus in detail.

**Long Answer Question (any 1 from Q. No. 5, 6 & 7 )**

**(1x20=20)**

**Q. 5. Explain Gangrene under following headings**

a) Aetiology.

b) Pathogenesis.

c) Investigation & Complication.

d) Management.

OR

**Q. 6. Discuss Cataract under following headings**

a) Aetiology.

b) Classification.

c) Signs & symptoms.

d) Treatment.

OR

**Q. 7. Explain Glaucoma under following headings**

a) Classification.

b) Aetiology.

c) Pathology.

d) Treatment.

<b>Marks</b> <b>100</b>	<b>Sub:- Surgery – II</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	---------------------------	------------------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Section B**

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) What is Stridor?
- b) What is Rhinitis Sicca?
- c) Mention 4 causes of Otagia.
- d) Mention 4 causes of bleeding gum.
- e) What is Tonsillectomy with 4 indication.
- f) What is flail chest?
- g) What is Thyroglossal cyst?
- h) Define Murphys traid.
- i) Mention 4 causes of dysphagia.
- j) Mention 4 causes of Haematemesis.
- k) What is Murphys sign?
- l) What is Hot potato speech?
- m) 4 causes of epistaxis.
- n) Greenstick fracture.
- o) Laryngocele.

**Q. 2. Write (any 4 out of 6) (4x5=20)**

- a) Haematuria.
- b) Phimosis.
- c) Fibroadenoma.
- d) Leucoplakia.
- e) Pyogenic arthritis.
- f) Tuning fork test.

**Q. 3. Write (any 4 out of 6) (4x5=20)**

- |                    |                        |
|--------------------|------------------------|
| a) Volvulus.       | b) Achlesia cardia.    |
| c) Dental carries. | d) Colles fracture.    |
| e) Epistaxis.      | f) Hoarsness of voice. |

**Q. 4. Long Answer Questions (any 2 out of 4) (10x2=20)**

- |                    |                   |
|--------------------|-------------------|
| a) Renal Calculas. | b) Osteomyelitis. |
| c) Nasal polyps.   | d) Tonsilities.   |

**Write any 1 from Q. No. 5, 6 & 7 (1x20=20)**

**Q. 5.** Define Acute appendicitis. Write its types, aetiology, clinical features, investigation & treatment.

OR

**Q. 6.** Define Fracture. Explain # neck of femur in detail with its type, clinical features, investigation & treatment.

OR

**Q. 7.** Define Deviated nasal septum. Explain its aetiology, types, clinical feature & treatment in detail.

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

PRELIMINARY EXAMINATION (Winter - 2018)

YEAR: - III B.H.M.S.(New)

<b>Marks</b> <b>100</b>	<b>Sub:- Surgery – III</b>	<b>Time</b> <b>3 Hrs.</b>

As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15)**

**(10x2=20)**

- a) Give indication of Berberis vulgaris in renal stone.
- b) Give indication of Sarsaparilla in cystitis.
- c) Give indication of Lycopodium in Duodenal ulcer.
- d) Write indication of Pulsatilla in Hydrocele.
- e) Give indication of Bryonia in mastitis.
- f) Give indication of Conium in breast tumour.
- g) Write indication of two remedies with prime indication in dental cyst.
- h) Give indication of coffee cruda in toothache.
- i) Write indication of two remedies with indication in Blepharritis.
- j) Give indication of Aconite in Glaucoma.
- k) Write indication of Calcarea fluor in cataract.
- l) Give indication of Heper sulph in pharyngitis.
- m) Write indication of Euphrasia in Rhinitis.
- n) Give indication of Arnica in epistaxis.
- o) Give indication of Causticum in laryngitis.

**Q. 2. Write short answer (any 4 out of 6)**

**(4x5=20)**

- a) Explain indication of Belladonna & Lachesis in appendicitis.
- b) Describe the indication of Apis & Colocynthis in Peritonitis .
- c) What is Pneumothorax? Describe two remedies with indication for pneumonia.
- d) What is Gingivitis? Name two remedy with indication.
- e) Name two remedies with indication for fracture.
- f) Describe the indication of Graphitis in Deafness.

**Q. 3. Write short answer (any 4 out of 6)**

**(4x5=20)**

- a) Indication of Silicea in Boil.
- b) Indication of Arsenic album.
- c) Indication of Belladonna in Conjunctivitis.
- d) Indication of Graphitis in Constipation.
- e) Indication of Rhus tox in Osteoarthritis.
- f) Indication of Thuja in Constipation.

**Q. 4. Long Answer Questions (any 2 out of 4)**

**(2x10=20)**

- a) Describe Fissure in ano & write indication of Aesculus & Nitric acid for the same.
- b) What is Conjunctivitis? Give 4 Homoeopathic medicine for conjunctivitis.
- c) What is Trachoma? Explain indication of Natrum mur & Thuja for trachoma.
- d) Describe clinical features of Mastoiditis. Give indication of Arum met & Phytolaccas in Mastoiditis.

**Long Answer Questions (any 1 from Q. No. 5, 6 & 7)**

**(1x20=20)**

**Q. 5. Describe Tonsillitis under following heads**

- a) Aetiology.
- b) Indication of Baryta carb & Belladonna.
- c) Clinical feature.
- d) Baptisia & Phytolacca in tonsillitis.

OR

**Q. 6. Explain Goitre**

- a) Definition.
- b) Classification.
- c) Iodum in Goitre.
- d) Calcarea carb in Goitre.

OR

**Q. 7. Explain Hernia**

- a) Definition.
- b) Indication of Nux vomica in Hernia.
- c) Aetiology & Classification.
- d) Indication of Lycopodium in Hernia

<b>Marks</b> <b>100</b>	<b>Sub:- Surgery – I</b>	<b>Time</b> <b>3 Hrs.</b>

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Define Boil.
- b) Define Cervical rib.
- c) Define Burquer's disease.
- d) Give two remedy used in high grade fever.
- e) Write two remedy used in Haemorrhage.
- f) Nux vomica in Tetany.
- g) Heper sulph in Boil.
- h) Silicia in Constipation.
- i) Fissure in Ano two remedy.
- j) Give indication of Conium in Breast tumour.
- k) Give indication of Sarsaparilla in Cystitis.
- l) Give indication of Lycopodium in Hernia .
- m) Fistula in Ano.
- n) Oesophageal Atresia.
- o) Pilonidal Sinus.

**Q. 2. Write (any 4 out of 6) (4x5=20)**

- a) Bedsore.
- b) Lipoma.
- c) Haemangioma
- d) Give indication of Bryonia in Mastitis.
- e) Antimonium crudum.
- f) Give indication of Arnica & Hypericum in Injury.

**Q. 3. Write answer (any 4 out of 6) (4x5=20)**

- a) Raynaud's disease.
- b) Deep vein thrombosis.
- c) Cyst in general.
- d) Ipecac in Malena.

e) Arsenicum album in Gastritis.

f) Graphitis in Constipation.

**Q. 4. Long Answer Questions (any 2 out of 4)**

**(2x10=20)**

a) Define Shock? & explain its types, aetiology, pathogenesis, clinical features & 4 Homoeopathic medicine.

b) Discuss Gangrene with 4 Homoeopathic drugs.

c) Define Appendicitis? Write its type, aetiology, clinical features, investigation with Homoeopathic medicine.

d) Discuss Ca of Breast with following heads.

a) Aetiology.

b) Pathology.

c) Clinical feature.

d) Homoeopathic management.

**Long Answer Question (any 1 from Q. No. 5, 6 & 7)**

**(1x20=20)**

**Q. 5.** Explain Tetanus in detail with its Homoeopathic management.

OR

**Q. 6.** Discuss Ca- Stomach under following headings

a) Aetiology.

b) Pathology.

c) Clinical feature.

d) Homoeopathic management.

OR

**Q. 7.** Explain Varicose vein in detail & write 4 Homoeopathic medicine for Varicose vein.

<b>Marks</b> <b>100</b>	<b>Sub:- Surgery – II</b>	<b>Time</b> <b>3 Hrs.</b>

**Section B**

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Define Nasal polyp.
- b) 4 causes of Epistaxis.
- c) What is Green stick fracture.
- d) Colle's fracture.
- e) Define Presbyopia.
- f) Define Nystagmus.
- g) 2 causes of Toothache.
- h) Mezerium in Toothache.
- i) 2 Homoeopathic medicine for Allergic Rhinitis.
- j) 2 Homoeopathic medicine for wax in ear.
- k) Ruta in Fracture.
- l) Calcarea carb in Bony complaint.
- m) Give indication of Aconite in Glucoma.
- n) Write indication of Calcarea flour in Cataract.
- o) Give indication of Arnica in Epistaxis.

**Q. 2. Write (any 4 out of 6) (4x5=20)**

- a) Rhinitis Sicca.
- b) Otagia in detail.
- c) Malunian of Bone.
- d) Osteosarcoma

e) Corneal ulcer.

f) Myopia.

**Q. 3. Write (any 4 out of 6)**

**(4x5=20)**

- a) Describe the indication of Graphitis in deafness.
- b) What is Scope of Homoeopathy in DNS.
- c) What is Gingivitis? Name two remedy with indication.
- d) Write indication of Euphrasia in Rhinitis.
- e) Belladonna in Conjunctivitis.
- f) What is Trachoma?

**Q. 4. Long Answer Questions (any 2 out of 4)**

**(10x2=20)**

- a) Tuning Fork test.
- b) Adenoid with 4 Homoeopathic drugs.
- c) Neck of Femur.
- d) Cataract with 4 Homoeopathic drugs.

**Write any 1 from Q. No. 5, 6 & 7**

**(1x20=20)**

**Q. 5. Discuss Tonsillitis under following headings**

- a) Aetiology.
- b) Pathology.
- c) Clinical feature.
- d) Homoeopathic medicine.

OR

**Q. 6. Classification of Fracture in general.**

OR

**Q. 7. Glaucoma in detail with Homoeopathic medicine.**

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Define Amenorrhoea.
- b) Define Menorrhagia.
- c) Define Puberty.
- d) Define Spermatogenesis.
- e) Define Fertilization.
- f) I.V.F.
- g) Ovulation.
- h) Dyspareunia.
- i) Vaginismus.
- j) Physiological Leucorrhoea.
- k) 4 Supports of Uterus.
- l) Nabothian cyst.
- m) 2 indication for Mamography.
- n) Bartholin glands.
- o) Pyometra.

Q. 2. Answer the following questions (any 4out of 6) (4x5=20)

- |                              |                    |
|------------------------------|--------------------|
| a) Vasectomy.                | b) H.S.G.          |
| c) Teratoma.                 | d) Cervical Polyp. |
| e) Metropathia Haemorrhagia. | f) I.U.C.D.        |

Q. 3. Answer the following questions (any 4out of 6) (4x5=20)

- |                           |                           |
|---------------------------|---------------------------|
| a) Role of USG in Gynaec. | b) Premenstrual syndrome. |
| c) Granulosa cell tumour. | d) Colposcopy.            |

e) Pap smear.

f) Schiller's test.

Q. 4. Long answer questions (any 2 out of 4) (2x10=20)

a) O.C.Pills.

b) Retroverted Uterus.

c) Cervical erosion.

d) Leucorrhoea.

**Long answer questions (any 1 from 5, 6 & 7) (1x20=20)**

Q. 5. Discuss Fibroid under following heads

a) Aetiology

b) Clinical Types

c) Clinical features

d) Investigation & Management

OR

Q. 6. Discuss Uterine Prolapse under following headings.

a) Aetiology

b) Clinical features

c) Mechanism

d) Management

OR

Q. 7. Describe CA Cervix under following heading.

a) Aetiology

b) Clinical Features

c) Investigations

d) Management

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

PRELIMINARY EXAMINATION (Winter - 2018)

YEAR: - III B.H.M.S.(New)

<b>Marks</b>	<b>Sub:- Gynecology &amp; Obstetrics – III</b>	<b>Time</b>
<b>100</b>		<b>3 Hrs.</b>

**Instructions:-** 1) All Question are Compulsory.

2) All Question carry equal Marks.

3) The number to the **right** indicates **full** marks.

4) Draw diagrams **wherever** necessary.

5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.

6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students cannot claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Define Sterility with 2 indication of Borax.
- b) Define Amenorrhoea with 2 indication of Pulsatilla.
- c) Define PCOD & name 4 remedies.
- d) Define Precocious puberty & 2 indications of Sabina.
- e) Define Membranous dysmenorrhoea & give 2 indications of Veratrum alb.
- f) Write name of 4 remedies which are called as anti- haemorrhagic.
- g) Define Hypomenorrhoea with indicated 2 remedies.

- i) Define Hyper –emesis gravidarum & indication of Phosphorus & Antimony crudum for same.
- j) Arsenic album in Neonatal diarrhoea.
- k) Calendula & Hypericum – Episiotomy repair.
- l) Four remedies – 3<sup>rd</sup> month abortion.
- m) Collinsonia & Aesculus hippocastanum – piles in pregnancy.
- n) Lauroserosus & Antim – tart – Asphyxia Neo - natrum.
- o) Role of Ars.Alb. in Infantile Diarrhoea.

**Q. 2. Write short answers (any 4) (4x5=20)**

- a) Acetic acid & Apis mellifila – Pre –eclampsia.
- b) Belladonna & Argentum nitricum – Ophthalmia neonatarum.
- c) Cantharis & Sabina – Hydatidiform mole.
- d) Indications of Borax & Alumina in Leucorrhoea in pregnancy.
- e) Lachesis in Menopause.
- f) Natrum mur in female infertility.

**Q. 3. Answer the following questions (any 4 out of 6) (4x5=20)**

- a) Ferrum met & Alleteris – Anaemia in Pregnancy.
- b) Secale cor & Ipecac - PPH.
- c) Indication of Pulsatilla in Obstetrics
- d) Pulsatilla in Puberty.
- e) Hepar sulph in Bartholinitis.
- f) Importance of Arsenic alb. In Endometrialcarcinoma.

**Q. 4. Long answer questions (any 2 out of 4) (10x2=20)**

- a) What are the different type of injuries to birth canal & 4 important remedies for it.
- b) Discuss Gelsemium, Caulophyllum & Kali phos in delayed labour.
- c) Write causes & indications of Crocus sativus & Bella in Menorrhagia.
- d) Any 4 most indicated remedies for Uterine fibroid.

**Long answer question (any 1 from 5, 6 & 7) (1x20=20)**

Q. 5. Define Hyper –emesis Gravidarum, S/S & indication of following remedies for same

- a) Ars. alb.
- b) Nux -vomica.
- c) Sepia.
- d) Ipecach

OR

Q. 6. Write causes of Carcinoma of Cervix with its management & 4 indicated remedies.

OR

Q. 7. Write in details

- a) Murex – Uterine Prolapse.
- b) Kreosote - Leucorrhoea.
- c) Bryonia – in breast diseases.
- d) Arnica – in birth injuries..

<b>Marks</b> <b>100</b>	<b>Sub:- Gynecology &amp; Obstetrics – I</b>	<b>Time</b> <b>3 Hrs.</b>
----------------------------	--	------------------------------

Instructions:- 1) All Question are Compulsory.

2) All Question carry equal Marks.

3) The number to the **right** indicates **full** marks.

4) Draw diagrams **wherever** necessary.

5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.

6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students cannot claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15)**

**(10x2=20)**

- a) Constriction ring.
- b) Habitual abortion.
- c) Colporrhexis.
- d) Rooming -in.
- e) Bishop's score.
- f) Naegele's formula.
- g) Bregma.
- h) ERB's palsy.
- i) Cord prolapse.
- j) Kernicterus.
- k) PROM.
- l) HELLP syndrome .
- m) Umbilical cord.
- n) Weaning.
- o) Co – joined Jwins

**Q. 2. Write short answers (any 4)**

**(4x5=20)**

- a) Lochia
- b) Signs of 1<sup>st</sup> trimester of pregnancy
- c) Conjugate diameters of maternal pelvis
- d) Inversion of Uterus.

e) Moulding

f) Development of embryo

**Q. 3. Answer the following questions (any 4)**

**(4x5=20)**

a) Trial labour

b) Aims & Objective of ANC

c) POP

d) physiology of 1<sup>st</sup> stage of labour

e) MTP

f) Oligohydramnios

**Q. 4. Long answer question (any 2)**

**(2x10=20)**

a) Describe etiopathogenesis, clinical features & management of Ectopic pregnancy.

b) Perineal tear.

c) Normal new born infant.

d) Physiology of Lactation.

**Long answer question (any 1 from Q. NO. 5, 6 & 7)**

**(1x20=20)**

Q. 5. Pregnancy induced hypertension

a) Definition, its types.

b) Causes, Clinical features.

c) Investigation.

d) Managements.

OR

Q. 6. Describe the physiological changes – Genital tract, different system & metabolic changes.

OR

Q. 7. Discuss Asphyxia neonatarum – Definition, Types, Clinical features & Managements.

**Q. 1. Write appropriate answers (Any 10 out of 15)**

**(10x2=20)**

- a) Prolonged labour.
- b) Velamentous placenta.
- c) Nat. sulph –Neonatal jaundice.
- d) Lecithin - Agalactia.
- e) Cuprum met - Eclampsia.
- f) Functions of Amniotic fluid.
- g) Cephalhaematoma.
- h) Partograph.
- i) 4 causes of sub –involution of uterus.
- j) Types of Twins.
- k) 4 complications of diabetes during pregnancy.
- l) 4 indication of Forceps delivery.
- m) Belladonna in Mastitis.
- n) 4 remedies for Retained placenta.
- o) 4 remedies for Puerperal mania.

**Q. 2. Write short answers (any 4)**

**(4x5=20)**

- a) Dawn rule of ten
- b) Hydramnios
- c) Septic abortion
- d) Advices during ANC.
- e) APH.
- f) Functions of placenta

**Q. 3. Answer the following questions (any 4)**

**(4x5=20)**

- a) Phos & Ars. alb – Diabetes during pregnancy
- b) Sabina & puls –Pre-term labour

- c) Castor equi & Graphites – Cracked nipples
- d) Aletris & Secale core -PPH
- e) Laurocerasus & Carbo-veg –Asphyxia neonatarum
- f) Alumina & Calc. carb – Picca in pregnancy

**Q. 4. Long answer question (any 2)**

**(2x10=20)**

- a) Define placenta praevia, its types, causes, S/S & indication of Phos & Belladonna.
- b) Define ANC? Its aims & objectives, 2 remedies for constipation, 2 remedies for Varicose veins, 2 remedies for Hyper-emesis gravidarum.
- c) Define Puerperal mania, its clinical presentation, indications of Belladonna & Pulsatilla for same.
- d) Define Abortion? Its various types. Write a note on role of Homoeopathy in Abortion with help of indications of Caulophyllum & Sabina.

**Long answer question (any 1 from Q. NO. 5, 6 & 7)**

**(1x20=20)**

- Q. 5. Define Healthy new born infant. Write its clinical features in detail & also the reflexes. Write the indications of 2 Homoeopathic remedies for Agalactica.

OR

- Q. 6. Define PIH. Its types, aetiology, clinical features, diagnosis, complications & its management.

OR

- Q. 7. Define PPH. Its types, causes, & management of it with indications of two remedies for same under following heading.

- a) 2 Remedies for PPH due to Utony uterus
- b) 2 Remedies for PPH due to Hasty labour
- c) 2 Remedies for PPH due to prolonged labour

Q. 4. Long Answer Questions (Any 2 out of 4) (2x10=20)

- a) Types and management of intermittent diseases.
- b) Homoeopathic aggravations according to Dr.Kent.
- c) Natures law of cure.
- d) Local diseases.

**Long Answer Questions (Any 1 out of Q. No. 5, 6 & 7) (1x20=20)**

Q. 5. Discuss in details the concept of Drug proving.

ORs

Q. 6. Explain Hahnemann's theory of chronic diseases with manifestations of psora, sycosis & syphilis.

OR

Q. 7. Explain prognosis after observing the action of medicine according to Dr. Kent.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**  
**PRELIMINARY EXAMINATION (Summer - 2019)**

**YEAR:- III B.H.M.S.(New)**

**Marks :- 100**

**Sub:- Surgery Paper I**

**Time :- 3 Hrs.**

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Define Shock.
- b) Define Superficial burn.
- c) Explain Rule of Nine.
- d) Define healing by secondary intention.
- e) Define Cellulitis.
- f) Define Ketoid.
- g) Define Tumour.
- h) Define Trophic ulcer.
- i) Define Goitre.
- j) Define pyogenic abscess.
- k) Define Conjunctivitis.
- l) Define Squint.
- m) 2 causes of excessive lacrymation.
- n) Define Pterigium.
- o) Define Glaucoma.

**Q. 2. Write short notes (any 4 out of 6) (4x5=20)**

- |                                     |                       |
|-------------------------------------|-----------------------|
| a) Lipoma.                          | b) Raynaud's disease. |
| c) Indication of blood transfusion. | d) Blepharitis.       |

- e) Myopia.                      f) Difference between Cerebral concussion & Cerebral compression.

Q. 3. Write short answer (any 4 out of 6) (4x5=20)

- a) Diabetic ulcer.
- b) Thrombophlebitis.
- c) Clinical features of Tetanus.
- d) Hypermetropia .
- e) Acute dacrocystitis.
- f) Paronychia

Q. 4. **Long Answer Questions** (any 2 out of 4) (2x10=20)

- a) Describe in detail about Haemorrhage.
- b) Classify Cataract & describe in detail about Senile Cataract
- c) Describe Aetiology, Clinical features Complications & general managements of Varicose veins.
- d) Describe in detail about Septic shock.

**Long Answer Question ( any 1 from Q. No. 5, 6 & 7 )** (1x20=20)

Q. 5. Describe Aetiology, Clinical features, Complication & general management of Corneal ulcer.

OR

Q. 6. Define Cyst. Classification of cyst & write in detail about sebaceous cyst.

OR

Q. 7. Define Gangrene. Discuss causes and clinical types of gangrene and describe in detail about dry gangrene.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Summer2019)**

**YEAR: - III B.H.M.S.(New)**

**Marks :- 100**

**Sub:- Surgery Paper II**

**Time :- 3 Hrs.**

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Write two types of gall stones.
- b) Define Cystitis.
- c) What is Murphy's triad?
- d) Write four clinical features of acute appendicitis.
- e) Write two clinical features of fracture rib.
- f) Define Thyroglossal cyst.
- g) Define Ranula.
- h) Define Leukoplakia.
- i) Define Greenstick fracture.
- j) Define Colles fracture.
- k) Define Compound fracture.
- l) Define Otitis externa.
- m) Write two indications for tonsillectomy.
- n) Define Quinsy.
- o) Define Otosclerosis.

**Q. 2. Write short answers ( any 4 out of 6) (4x5=20)**

- a) Amoebic liver abscess.
- b) Explain aetiology & management of haematuria.

- c) Discuss in detail mastitis.
- d) Indication of tooth extraction.
- e) Discuss in detail cervical spondylosis.
- f) Define & Explain Vertigo.

Q. 3. Write short answers (any 4 out of 6) (4x5=20)

- a) Aetiology, Clinical features & managements of inguinal hernia.
- b) Explain in detail flail chest.
- c) Explain impacted third molar tooth.
- d) Explain potts fractures.
- e) Explain acute maxillary sinusitis.
- f) Define & Explain mastoiditis.

Q. 4. **Long Answer Questions** ( any 2 out of 4) (10x2=20)

- a) Explain renal stones in detail.
- b) Explain goitre in detail.
- c) Explain osteomyelitis in detail.
- d) Define Otitis media. Explain stages of acute suppurative otitis media.

**Long Answers Questions (any 1 from Q. No. 5, 6 & 7)** (1x20=20)

Q. 5. Define acute cholecystitis. Write its Types, Aetiology, Clinical features & Managements.

Q. 6. Explain Ca- breast in detail with its Types, Clinical features & Managements.

Q. 7. Explain Epistaxis in detail with its Aetiology, Investigation & Managements.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Summer2019)**

**YEAR: - III B.H.M.S.(New)**

**Marks :- 100**

**Sub:- Surgery Paper III**

**Time :- 3 Hrs.**

**Instructions:-**

- 1) All Question are Compulsory.
- 2) All Question carry equal Marks.
- 3) The number to the **right** indicates **full** marks.
- 4) Draw diagrams **wherever** necessary.
- 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
- 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Types of Haemorrhoids in Aloes.
- b) Indication of Lycopodium in Renal calculi.
- c) Indication of China in Haemorrhage.
- d) Indication of Calendula in Burns.
- e) Indication of Iodum in Goitre.
- f) Indication of Phytolaca in Breast nodule.
- g) Indication of Borax in Mouth ulcer.
- h) Indication of Thuja in dental carries.
- i) Indication of Rhus tox in Sprain.
- j) Indication of Pulsatilla in hardeolum.
- k) Indatiicon of Argentum nitricum in Ophthalmia neonatrum.
- l) Indication of Capsicum in Mastoiditis.
- m) Indication of Ammonium carb in epistaxis.
- n) Indication of Phytolacca in Tonsilitiis.
- o) Indication of Spongia in Hoarsness of Voice.

Q. 2. Write short answer (any 4 out of 6) (4x5=20)

- a) Define Peptic ulcer & give indication of Kali bich.
- b) Define abscess & give indications of Silicea.
- c) Define fibroadenoma of breast. Give indication of Conium.

- d) Indication of Coffea in toothache.
- e) Indication of Calc.phos. in fracture.
- f) Indication of Thuja in nasal polyp.

Q. 3. Write short answer(any 4 out of 6) (4x5=20)

- a) Indications of Euphrasia in Conjunctivitis.
- b) Indications of Phosphorus in Haemorrhage.
- c) Indications of Arnica in Injury.
- d) Indications of Borax in Stomatitis.
- e) Indications of Baryta in Adenoids.
- f) Indications of Dulcamara in Allergic Rhinitis.

Q. 4. **Long Answer Questions** (any 2 out of 4) (2x10=20)

- a) Indication of Hypericum & Calendula in Wound.
- b) Discuss Scope of Homoeopathy in acute Cholecystitis give its Homoeopathic Management with 2 drugs.
- c) Define Cataract, give Homoeopathic medicine for cataract .
- d) Write down in detail Homoeopathic approach towards a case of Epistaxis with indicating suitable Homoeopathic drugs.

**Long Answer Questions (any 1 from Q. No. 5, 6 & 7)** (1x20=20)

Q. 5. Discuss the Homoeopathic approach towards a case of Renal calculi with suitable indications of 4 Homoeopathic drugs.

OR

Q. 6. Discuss homoeopathic approach towards a case of Haemorrhage with indication of 4 Homoeopathic Medicines.

OR

Q. 7. With suitable examples write how homoeopathy will aid into the healing process of fractures. Add a note on Aph. 186 to know Scope & Limitation of Homoeopathy.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**  
**PRELIMINARY EXAMINATION (Summer - 2019)**

**YEAR:- III B.H.M.S.(2015)**

**Marks :- 100**

**Sub:- Surgery Paper I**

**Time :- 3 Hrs.**

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Define Wound.
- b) Define Erysipelas.
- c) Write any four indication for blood transfusion.
- d) Define acute relapsing pancreatitis.
- e) Write four characteristics of cholesterol stone.
- f) What is meaning of choledocholithotomy.
- g) What do you mean by secondary duct stone.
- h) Define Achlasia cardia.
- i) Write four indication of Nitric acid in Rectal affections.
- j) Define Thromboangitis obliterance.
- k) Any four indication of Cantharis in Burn.
- l) Mention four indication of Lycopodium in Renal stone.
- m) Name any four Homoeopathic drugs for acute cholecystitis.
- n) 4 indication of Mag phos for abdominal colic.
- o) 4 indication of Chelidonium in Liver abscess.

**Q. 2. Write short notes (any 4 out of 6) (4x5=20)**

- a) Write factor affecting wound healing.
- b) Define Boil & Explain it.
- c) Give significance of Rule of Nine in case of burn.
- d) Flail chest.
- e) Define Peptic ulcer & Explain Gastric ulcer.
- f) Spontaneous Pneumothorax

Q. 3. Write short answer (any 4 out of 6) (4x5=20)

- a) Define Shock. Describe role of Veratrum alb. In Shock.
- b) Role of Arnica & Ruta in injury.
- c) Define Cellulitis & Explain role of Heper sulph in cellulitis.
- d) Define Hernia. Write a role of Calc. carb & Colocynth in Hernia.
- e) 4 indication of Nat. sulph. in Injury.
- f) Belladonna & Bryonia in appendicitis.

Q. 4. **Long Answer Questions** (any 2 out of 4) (2x10=20)

- a) Define Intussusception & Write a role of Asafoetida & Plum-met in intussusception.
- b) Define & Explain BPH. Explain role of Sarsaparilla & Sabal ser. for the same.
- c) Define Haemorrhage. Write about Types, Clinical feature & 5 Homoeopathic remedy.
- d) Define Burn. Describe Types, Clinical feature, General & Homoeopathic Managements.

**Long Answer Question ( any 1 from Q. No. 5, 6 & 7 ) (1x20=20)**

Q. 5. Define Appendicitis. Write Aetiopathogenesis, Clinical feature, Complication & 2 Homoeopathic drugs.

OR

Q. 6. Define Intestinal obstruction. Write causes, Clinical feature, diagnosis. Explain its Management with 4 Homoeopathic drugs.

OR

Q. 7. Define fibroadenoma in breast. Describe Ca-breast in detail with indication of 4 Homoeopathic drugs.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**  
**PRELIMINARY EXAMINATION (Summer - 2019)**  
**YEAR:- III B.H.M.S.(2015)**

**Marks :- 100**

**Sub:- Surgery Paper II**

**Time :- 3 Hrs.**

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Define Quinsy.
- b) Define Osteomalacia.
- c) Marfan Syndrome.
- d) Define Epiphora.
- e) Define Leucoma.
- f) Write two causes of gingival bleeding.
- g) 2 indications for Root canal therapy.
- h) Indication with modalities of Ammonium carb in epistaxis.
- i) Indication of Belladonna in tonsillitis.
- j) Indication of Kali iod. In Synovitis.
- k) Indication of Calcarea carb in Osteoporosis.
- l) Indication of Allium cepa in conjunctivitis.
- m) Phosphorous in photophobia.
- n) Inference in Weber's test.
- o) Staphysagria in dental carries.

Q. 2. Write short answers ( any 4 out of 6) (4x5=20)

- a) Write chronic simple rhinitis.
- b) Define Tracheostomy with its 5 indication.
- c) Smith's fractures.
- d) greenstick fractures.
- e) Iridocyclitis.
- f) Dental carries.

- Q. 3. Write short answers (any 4 out of 6) (4x5=20)
- a) Calcarea phos in fracture.
  - b) Define role of waldeyer's ring & What is adenoid. Add a note on indication of Calcarea iod. In adenoids.
  - c) Indication of Bryonia & Rhus tox in Sciatica.
  - d) What is malunion & non – union of fracture .
  - e) Define Cataract & Write indication of Silicea in cataract.
  - f) Define Fistula & Write indication of Heper sulph for fistula dentalis.

- Q. 4. **Long Answer Questions** ( any 2 out of 4) (10x2=20)
- a) Define Nasal polyp. Describe in detail difference between antrochoanal & ethmoidal polyp. Give indication of two homoeopathic medicine in nasal polyp.
  - b) Define Deafness. Enumerate the types, causes, diagnosis of deafness & give indication of Capsicum in deafness.
  - c) Write Osteomyelitis in detail & give indication of Arum met in osteomyelitis.
  - d) Describe blepharitis in detail & give indication of Pulsatilla in blepharitis.

**Long Answers Questions (any 1 from Q. No. 5, 6 & 7)** (1x20=20)

- Q. 5. Define Tonsillitis. Describe in detail acute follicular tonsillitis. Enumerate factors which assess the susceptibility of a patient in cases of tonsillitis. Give indication of Heper sulph & Kali mur in tonsillitis.

OR

- Q. 6. Describe Aetiology, Clinical feature, Investigation of Osteoarthritis & Elaborate Homoeopathic approach in the management of osteoarthritis with indications of suitable Homoeopathic medicines for the same.

OR

- Q. 7. Describe in detail about Cataract. Give indication of any 4 Homoeopathic medicine in Cataract.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Summer - 2019)**

**YEAR:- III B.H.M.S.(New)**

**Marks :- 100**

**Sub:- Sub:- Gynaecology & Obstetrics Paper I**

**Time :- 3 Hrs.**

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Puer perium.
- b) Eclampsia.
- c) Retained placenta.
- d) Elderly pirmigravida.
- e) Gametogenesis.
- f) APH.
- g) Prolactin.
- h) Morula
- i) Still birth .
- j) Implantation.
- k) Lochia.
- l) Pregnancy test.
- m) Anencephaly.
- n) Threatened abortion.
- o) Colostrum.

Q. 2. Write short answers (any 4) (4x5=20)

- |                     |                            |
|---------------------|----------------------------|
| a) Oligohydramnios. | b) USG in Obstetrics       |
| c) Septic abortion  | d) Episiotomy.             |
| e) Transverse lie   | f) Aims & objective of ANC |

- Q. 3. Answer the following questions (any 4) (4x5=20)
- a) Function of Placenta
  - b) Hyper-Emesis gravidarum
  - c) Perineal tear
  - d) Prematurity
  - e) PPH
  - f) Causes of Convulsions in newborn.

- Q. 4. Long answer question (any 2) (2x10=20)
- a) IUGR.
  - b) Events & course of 1<sup>st</sup> stage of Labour.
  - c) Hydatidiform mole.
  - d) LSCS.

**Long answer question (any 1 from Q. NO. 5, 6 & 7) (1x20=20)**

- Q. 5. Ectopic Pregnancy
- a) Definition and Types
  - b) Aetiology
  - c) Clinical features
  - d) Investigation & Managements

OR

- Q. 6. Twin Pregnancy
- a) Definition and Types
  - b) Aetiology
  - c) Clinical features
  - d) Managements

OR

- Q. 7. Ophthalmia Neonatorum
- a) Definition
  - b) Aetiology
  - c) Clinical features
  - d) Investigation & Managements

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Summer - 2019)**

**YEAR:- III B.H.M.S.(New)**

**Marks :- 100**

**Sub:- Sub:- Gynaecology & Obstetrics**

**Paper II**

**Time :- 3 Hrs.**

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Bicornuated Uterus. Defination.
- b) Defination of Bartholin cyst.
- c) Hysterosalpingography. Defination.
- d) 2 advantages of Tubectomy.
- e) Adenomyosis - causes.
- f) Defination – Cervical polyp.
- g) 2 indications of Vaginal hysterectomy.
- h) Teratozospemia.
- i) Mittel schmerz Syndrome.
- j) Pyometra - Defination.
- k) Senile vaginitis.
- l) Defination of Cryptomenorrhoea.
- m) Culdocentesis.
- n) 4 clinical features in Pelvic abscess.
- o) Mons veneris.

**Q. 2. Answer the following questions (any 4out of 6) (4x5=20)**

- a) Oligospermia
- b) o stage carcinoma.
- c) Pruritus Vulvae.
- d) Natural methods of contraception.

e) USG in Gynaecology.      f) Advantages & Disadvantages of oral contraceptive pills.

Q. 3. Answer the following questions (any 4 out of 6)      (4x5=20)

- a) I.U.C.D.      b) Endometritis.  
c) Retroversion of uterus.      d) Barrier methods of Contraception.  
e) Intra uterine insemination.      f) Physiology of Menstruation.

Q. 4. Long answer questions (any 2 out of 4))      (2x10=20)

- a) Define Menopausal syndrome. Explain with causes, clinical features & Managements.  
b) Explain Ca – cervix with classification, stages, clinical features, Diagnosis & Managements.  
c) Fistula.  
d) Dysfunctional uterine bleeding.

**Long answer questions (any 1 from 5, 6 & 7)      (1x20=20)**

Q. 5. Define Uterine Prolapse with.

- a) Aetiology      b) Clinical Features  
c) Investigation      d) Management

OR

Q. 6. Define Amenorrhoea with.

- a) Aetiology      b) Types  
c) Investigation      d) Management

OR

Q. 7. Define Fibroid of Uterus with.

- a) Aetiology      b) Secondary changes  
c) Clinical features      d) Management

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Summer - 2019)**

**YEAR:- III B.H.M.S.(New)**

**Marks :- 100**

**Sub:- Sub:- Gynaecology & Obstetrics Paper III**

**Time :- 3 Hrs.**

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Coffea in Vaginismus.
- b) Caladium in Pruritus vulvae.
- c) Borax in Leucorrhoea.
- d) Mag phos in Dysmenorrhoea.
- e) Borax in female infertility.
- f) Two indication of Phosphorus in in Hyper-emesis.
- g) Belladonna in Mastitis.
- h) Indications of Secale core in PPH .
- i) Four indications of Nat.sulph for Neonatal jaundice.
- j) Allium cepa in Forcep delivery.
- k) Four indicated drugs for Threatened abortion .
- l) Four drug for constipation in pregnancy.
- m) Heper sulph in pelvic abscess .
- n) Bryonia in Mastitis.
- o) Alumina in Leucorrhoea.

**Q. 2. Write short answers (any 4) (4x5=20)**

- a) Role of Ferrum –met & Aletris – Anaemia pregnancy.
- b) Compare Aesculus & Aloes – Piles in pregnancy.
- c) Arsenic album in Hyper – Emesis gravidarum.

- d) Calcarea carb in Uterine polyp.
- e) Silicea in Pelvic abscess.
- f) Podophyllum in Prolapse of uterus.

Q. 3. Answer the following questions (any 4 out of 6) (4x5=20)

- a) Argentum nitricum in Ophthalmia neonatorum.
- b) Lecithin & Urtica urens. In Agalactia.
- c) Sabina in Incomplete abortion.
- d) Liliun tig in Uterine prolapse.
- e) Kali carb in P.I.D.
- f) Sepia in Menstrual disorders.

Q. 4. Long answer questions (any 2 out of 4) (10x2=20)

- a) Define post – partum haemorrhages & management for post – partum haemorrhages with Erigeron, Ustilago & Belladonna.
- b) Discuss role of Pulsatilla & Cimicifuga in Puerperal psychosis.
- c) Define Menopause. Write 3 most indicated drugs for the same in detail.
- d) Write down indications of Phosphorus & Secale cor. In D.U.B.

**Long answer question (any 1 from 5, 6 & 7) (1x20=20)**

Q. 5. Write the indications of Apis, Lycopodium, Glonine & Gelsemium in Pre - eclampsia.

OR

Q. 6. Write indications of Kali carb , Senecio, Cimicifuga & Lyco in Puberty

OR

Q. 7 Write the indications of Sabina, Trillium, Phosphorus & Ustilago in Menorrhagia.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (Summer - 2019)**

**YEAR:- III B.H.M.S.(2015)**

**Marks :- 100**

Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Mons veneris.
- b) Bimanval examination.
- c) Barrier methods.
- d) Define Precocious puberty & Delayed puberty.
- e) Pulsatilla in Amenorrhoea.
- f) Euphrasia in Scanty menses.
- g) Kreosote & Hydrastis in Leucorrhoea.
- h) Secale cor in menstruation.
- i) Clitoris.
- j) Ovarian hormones.
- k) Define Physiological Leucorrhoea.
- l) Role of Thuja in P.C.O.D.
- m) Functions of FSH & LH.
- n) Bartholin glands.
- o) Any 4 indicated drugs for Congestive Dysmenorrhoea.

Q. 2. Write short answers (any 4) (4x5=20)

- a) 3<sup>rd</sup> stage of Ca - cervix
- b) Acute Salpingitis.
- c) Cervical Erosions
- d) Secondary changes in fibroid.
- e) Types & Grades of Retroversion
- f) Phases of menstrual cycle

Q. 3. Answer the following questions (any 4) (4x5=20)

- a) Explain 2 remedies for Dyspareunia
- b) Indications of D & C in infertility.
- c) Borax & Alumina in Leucorrhoea.
- d) Explain 2 remedies for D.U.B.
- e) Platina for precocious puberty.
- f) Pulsatilla in menstrual cycle.

Q. 4. Long answer question (any 2) (2x10=20)

- a) Describe Phytolaca in Breast affections & Nat.mur in Sensle vaginitis.
- b) Write in detail about Endometriosis & its Homoeopathic management with 2 remedies.
- c) Write in detail about Menopausal syndrome & 2 therapeutic indicated remedies in detail for it.
- d) Explain Types, Clinical features & Managements of Genital Prolapse. Add note on homoeopathic management with Podophylum & Sepia in it.

**Long answer question (any 1 from Q. NO. 5, 6 & 7) (1x20=20)**

Q. 5. Explain Causes & Steps of investigations in infertility. Explain the role of Selenium & Baryta carb in it .

OR

Q. 6. Describe Contraception in relation with.

- a) Barrier methods
- b) Natural methods
- c) Permanent methods
- d) Disadvantages of O. C. pills

OR

Q. 7. Define Amenorrhoea. Explain its Types & Causes. Write indications of 2 homoeopathic remedies for each type.

SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD

PRELIMINARY EXAMINATION (Summer - 2019)

YEAR:- III B.H.M.S.(2015)

Marks :- 100  
Hrs.

Sub:- Gynaecology & Obstetrics Paper II

Time :- 3

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Lochia.
- b) Uniovular twins.
- c) Alumina in Constipation.
- d) 4 Remedy for jaundice in newborn.
- e) Implantation.
- f) Bishops score.
- g) Lac can & Medusa - Agalactorrhoea.
- h) 4 Remedy for retained placenta.
- i) Uterine Tetany.
- j) Bregma.
- k) Carbo veg & Pulsatilla in Varicose veins.
- l) 4 indications of Nux vomica during ANC.
- m) Role of Sepia in abortion.
- n) Hellp syndrome.
- o) ERB's Palasy.

Q. 2. Write short answers (any 4) (4x5=20)

- |                              |  |
|------------------------------|--|
| a) Abnormalities of Placenta | b) ECV                                       |
| c) Convelariae uterus        | d) Aims & objectives of ANC – 4 remedies.    |
| e) Ectopic Pregnancy         | f) Lactation, 4 remedies for cracked nipple. |

Q. 3. Answer the following questions (any 4) (4x5=20)

- a) Partograph
- b) Breast feeding – Remedies for Galatorrhoea
- c) Cervical Dystocia – 4 remedies.
- d) Degrees of Placenta praevia
- e) ) Types of abortion - Sepia
- f) Moulding.

Q. 4. Long answer question (any 2) (2x10=20)

- a) Polyhydramnios.
- b) Eclampsia – its stages & 4 indicated remedies.
- c) Puerperal sepsis – its causes & 4 indicated remedies.
- d) Events & course of 1<sup>st</sup> stage of labour - Caulophyllum in delayed labour.

**Long answer question (any 1 from Q. NO. 5, 6 & 7) (1x20=20)**

Q. 5. Write in detail about Hyper – emesis

- a) Definition and causes.
- b) Clinical Features .
- c) Patho - physiological changes & diagnosis.
- d) Management with homoeopathic remedies.

Q. 6. Post – partum haemorrhage

- a) Definition and Types
- b) Causes & Clinical features.
- c) Complications & Investigations.
- d) Management with Homoeopathic Remedies.

Q. 7. Asphyxia Neonatorum

- a) Definition and Types
- b) Causes
- c) Clinical Features & Investigation
- d) Management with 4 Homoeopathic remedies

<b>Marks</b> 50	<b>Sub:- Surgery – I</b>	<b>Time</b> 1 & ½ Hrs.
--------------------	--------------------------	---------------------------

- Instructions:-**

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Write two keynote indication of KaliBi in gastric ulcer.
- b) Write two keynote indication of plumbum met. In abdominal colic.
- c) Write two keynote indication of Arnica in Haemorrhage.
- d) Write two keynote indication of Heper sulph in injury.
- e) Write two keynote indication of Hydrastis in Ca-breast.
- f) Write two keynote indication of Silecea in cyst.
- g) Write two keynote indication of Nitric acid in apthous ulcer.
- h) Write two keynote indication of plantigo in toothache.
- i) Write two keynote indication of Ruta in fracture
- j) Write two keynote indication of Pulsatilla in styte.
- k) Write two keynote indication of Euphrasia in conjunctivitis.
- l) Write two keynote indication of Conium in miniere's disease.
- m) Write two keynote indication of Natrum sulphuricum in otitis media.
- n) Write two keynote indication of Chamomilla in maxillary sinusitis.
- o) Write two keynote indication of Belladona in acute pharyngitis.

Q. 2. Write short answer (any 4 out of 6) (4x5=20)

- a) Define abscess. Give indications of Silicea.
- b) Define Gastritis. Give indication of Nux vomica.
- c) Define Goitre. Give indication of Iodum.
- d) Define Dental carries. Give indication of Kreosotum.
- e) Indication of Rhus tox. in ligament injury.
- f) Indication of phytolacca in follicular tonsillitis.

Q. 3. Write short answer (any 4 out of 6) (4x5=20)

- a) Indications of Colocynthis in intestinal obstruction.
- b) Indications of Asteria Rubens in breast abscess.
- c) Indications of Merc sol in pyorrhoea.
- d) Indications of Calcarea fluorica in cataract.
- e) Indications of Ammonium carb in epistaxis.
- f) Indications of Capsicum in mastoiditis.

Q. 4. **Long Answer Questions** (any 2 out of 4) (2x10=20)

- a) Write indication of urtica urens, cantharis in Burn.
- b) Discuss Scope of Homoeopathy in osteomyelitis and name two Homoeopathic drug with keynote indication.
- c) Define ophthalmia neonatarum. Give Homoeopathic management with indication of two drugs.
- d) Define Quincy. Give Homoeopathic management with indication of two drugs.

**Long Answer Questions (any 1 from Q. No. 5, 6 & 7)** (1x20=20)

Q. 5. Define Haemorrhoids. Give indication of Aesculus lip. Aloes Socotrina. Hamamelis and Ratanhia.

OR

Q. 6. Define Gangrene. Write indication of Arsenicum alb, Carbo veg, Sulph Tarentula.

OR

Q. 7. Define Nasal polyp and write scope of Hom. In management of nasal polyp. Also write indication of Sanguinaria can and Sabadilla.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**  
**PRELIMINARY EXAMINATION (Winter 2019)**

**YEAR:- III B.H.M.S.(2015)**

**Marks :- 100**

**Sub:- Surgery Paper I**

**Time :- 3 Hrs.**

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Define Achalasia cardia.
- b) Write 4 indication of Nitric acid in Rectal complaints.
- c) Define Thromboangitis obliterans.
- d) Any 4 indication of Cantharis in Burn.
- e) Mention four indication of Lycopodium in Renal stone.
- f) What do you mean by secondary Renal stone.
- g) What is the meaning of choledocholithotomy.
- h) Write 4 characteristics of Cholesterol stone.
- i) Murphys triad.
- j) Murphys Sign.
- k) Define Erysipelas
- l) Define Wound.
- m) 4 indication of chelidonium in liver abscess.
- n) Mention 4 indication of Mag phos in abdominal colic.
- o) Name any 4 Homoeopathic drug for acute cholecystitis.

**Q. 2. Write short notes (any 4 out of 6) (4x5=20)**

- a) Write factor affecting wound healing.
- b) Define Boil & Explain it.
- c) Give significance of Rule of Nine in case of burn.
- d) Flail chest.
- e) Define Peptic ulcer & Explain Gastric ulcer.
- f) Spontaneous Pneumothorax

Q. 3. Write short answer (any 4 out of 6) (4x5=20)

- a) Define Shock. Describe role of Veratrum alb. & camphora In Shock.
- b) Role of Arnica & Ruta in injury.
- c) Define Cellulitis & Explain role of Heper sulph in cellulitis.
- d) Define Hernia. Write a role of Calc. carb & Colocynth in Hernia.
- e) 4 indication of Nat. sulph. in Head injury.
- f) Belladonna & Bryonia in appendicitis.

Q. 4. **Long Answer Questions** (any 2 out of 4) (2x10=20)

- a) Define and explain Benign Prostatic Hypertrophy. Explain role of Sarsaparilla and Sabal ser. For same
- b) Define & Explain intussusceptions. Write role of Asafoetida and plumb-met in intussusceptions.
- c) Define Burn. Describe Types, Clinical feature & general management in case of Burn. Construct the role of Homoeopathic medicine in management of Burn.
- d) Define Haemorrhage. Write types and classification of Haemorrhage and discuss the role of Carbo veg and lachesis in Haemorrhage.

**Long Answer Question ( any 1 from Q. No. 5, 6 & 7 ) (1x20=20)**

Q. 5. Define Appendicitis. Write Aetiopathogenesis, Clinical feature, Complication & 2 Homoeopathic drugs.

OR

Q. 6. Define Intestinal obstruction. Write its causes, Clinical feature, diagnosis. & Explain its Management with indications of suitable 4 Homoeopathic medicine.

OR

Q. 7. Define fibroadenoma of breast. Describe Ca-breast in detail with indication of 4 Homoeopathic medicines for the management of same.

PRELIMINARY EXAMINATION (Winter - 2019)

YEAR:- III B.H.M.S.(2015)

Marks :- 100

Sub:- Surgery Paper II

Time :- 3 Hrs.

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)

- a) Define Quinsy.
- b) Define Osteomalacia.
- c) Inference in Weber's test.
- d) Define Ephemera.
- e) Define Leucoma.
- f) Write two causes of gingival bleeding.
- g) 2 indications for Root canal therapy.
- h) Indication with modalities of Ammonium carb in epistaxis.
- i) Indication of Belladonna in tonsillitis & mention the types of tonsillities in Belladonna.
- j) Indication of Kali iod. In Synovitis.
- k) Indication of Calcarea carb in Osteoporosis.
- l) Indication of Allium cepa in conjunctivitis.
- m) Phosphorous in photophobia.
- n) Inference in Weber's test.
- o) Staphylococci in dental carries.

Q. 2. Write short answers ( any 4 out of 6) (4x5=20)

- a) Write chronic simple rhinitis.
- b) Stye.
- c) Smith's fractures.
- d) greenstick fractures.
- e) Iridocyclitis.
- f) Dental carries.

Q. 3. Write short answers (any 4 out of 6) (4x5=20)

- a) Calcarea phos in fracture.
- b) Define role of waldeyer's ring & What is adenoid. Add a note on indication of Calcarea phos. iod in adenoids.
- c) Indication of Bryonia & Rhus tox in Sciatica.
- d) What is malunion & non – union of fracture & write indications of Calc phos fracture .
- e) Define Cataract & Write indication of Silicea in cataract.
- f) Define Fistula & Write indication of Heper sulph for fistula dentalis.

Q. 4. **Long Answer Questions** ( any 2 out of 4) (10x2=20)

- a) Define Nasal polyp. Describe in detail difference between antrochoanal & ethmoidal polyp. Give indication of two homoeopathic medicines in nasal polyp.
- b) Define Deafness. Enumerate the types, causes, diagnosis of deafness & give indication of Capsicum in deafness.
- c) Write Osteomyelitis in detail & give indication of Arum met in osteomyelitis.
- d) Describe blepharitis in detail & give indication of Pulsatilla in blepharitis.

**Long Answers Questions (any 1 from Q. No. 5, 6 & 7) (1x20=20)**

Q. 5. Define Tonsillitis. Describe in detail acute follicular tonsillitis. And write any 4 Homoeopathic medicine for tonsillitis

OR

Q. 6. Describe Aetiology, Clinical feature, Investigation of Osteoarthritis & Elaborate Homoeopathic approach in the management of osteoarthritis with indications of suitable Homoeopathic medicines for the same.

OR

Q. 7. Describe in detail about acute dacryocystitis and give indication of dulcamara and fluoric acid for the same.

As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answers (Any 10 out of 15)

(10x2=20)

- a) Morula.
- b) Constriction Ring.
- c) Ossiander's Sign.
- d) Pelvic Axis.
- e) Dystocia.
- f) Neonatal Death.
- g) Retained Placenta.
- h) Circumvallate placenta
- i) Phlegmasia Alba Dolens .
- j) Klumpke's Palsy.
- k) Fontanelles.
- l) Alpha - Fetoprotein.
- m) Bishop's Score.
- n) Episiotomy.
- o) Couvelaire Uterus.

Q. 2. Write short answers (any 4)

(4x5=20)

- a) PROM
- b) Diagnosis of Pregnancy during 1<sup>st</sup> trimester
- c) Sub Involution
- d) Kernicterus.
- e) Apgar Score
- f) Ectopic Pregnancy

Q. 3. Answer the following questions (any 4) (4x5=20)

- a) Placenta
- b) Missed Abortion
- c) ANC Advice
- d) Oligohydramnios
- e) Protein Hormones
- f) IUD.

Q. 4. Long answer question (any 2) (2x10=20)

- a) Post – Partum Haemorrhage.
- b) Bandl’s Ring.
- c) Physiology of Lactation.
- d) Eclampsia.

**Long answer question (any 1 from Q. NO. 5, 6 & 7) (1x20=20)**

Q. 5. Write in detail about APH

- a) Definition and Types of APH
- b) Placenta Praevia
- c) Abruptio Placenta
- d) Management & Advice

Q. 6. Pregnancy in Rh – Negative women

- a) Isoimmunisation
- b) Affects on Foetus
- c) Investigations.
- d) Management .

Q. 7. Write in detail about Healthy Baby

- a) Criteria for Healthy Baby
- b) Apgar Score
- c) Signs of Pre mature Baby
- d) Management .

- a) Any 4 causes of deafness                  b) Laryngocele  
 c) Hoarseness of voice                      d) Waldeyer's ring  
 e) Laryngoscopy                              f) Otitis externa classification  
 g) Otomycosis.

Q. 2. Write short answer (any 2 out of 4) (2x5=10)

- a) Tracheostomy                              b) Carcinoma of vocal cord  
 c) Stridor                                      d) Singers nodes with homoeopathic  
 management.

Q. 3 Write (any 2 out of 4) (2x5=10)

- a) Quinsy                                      b) Stye.  
 c) Wax    d) Adenoid & its therapeutic indications

**Long Answer Question (any 1 from 4, & 5) (1x20=20)**

Q. 4. Discuss CSOM

- a) Etiology                                      b) Pathology  
 c) Clinical feature                          d) Hom. Treatment & Investigation

OR

Q. 5. Discuss Tonsillitis

- a) Etiology  
b) Types  
c) Clinical feature  
d) Investigation & Hom. Management.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**TERM END EXAMINATION (Summer - 2020 Batch)**

**YEAR: - III B.H.M.S.(New)**

<b>Marks 50</b>	<b>Sub:- Surgery – I</b>	<b>Time 1 &amp; ½ Hrs.</b>
-----------------	--------------------------	----------------------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students cannot claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

Q. 1. Write appropriate answer (any 5 out of 7) (5x2=10)

- a) Define Varicose ulcer  
b) Define Nystagmus.  
c) Mention Rule of Nine  
d) Haemorrhages  
e) Define Carbuncle  
f) Clinical feature of Corneal ulcer  
g) Define Trigeminal neuralgia

Q. 2. Write (any 2 out of 4) (2x5=10)

- a) Blood transfusion  
b) Myopia  
c) Blepharitis  
d) Astigmatism

Q. 3 Write (any 2 out of 4) (2x5=10)

- a) Abscess  
b) Cyst  
c) Lipoma  
d) Chalazian

**Long Answer Question (any 1 out of 2)**

Q. 4. Discuss Cataract under following headings (1x20=20)

- a) Aetiology  
b) Classification  
c) Signs & symptoms  
d) Homoeopathic treatment

OR

Q. 4 Explain Gangrene under following headings

- a) Aetiology  
c) Pathogenesis  
b) Investigation & Complication  
d) Management

**Q.1 Write appropriate answers (any 10 out of 15)**

**(10x2=20)**

- a. Define pyometra
- b. Define menarche
- c. Define menorrhagia
- d. Define amenorrhoea
- e. Four indications of abdominal hysterectomy
- f. Define nabothian gland
- g. Enumerate support of uterus
- h. Define spermatogenesis
- i. Define ovulation
- j. Define fertilization
- k. Two indications of mammography
- l. Define primary and secondary infertility

- m. What is I.V.F.
- n. Bartholin gland
- o. Female urethra

**Q2. Short notes (any 4 out of 6)**

**(4x5=20)**

- a. IUCD
- b. Metropathia haemorrhagica
- c. Vasectomy
- d. Cervical polyp
- e. HSG
- f. Teratoma

**Q3. Short notes (any out of 6)**

**(4x5=20)**

- a. Role of USG in Gynaec
- b. Colposcopy
- c. Serous and mucinous cystadenoma
- d. Granulosa tumour
- e. D/D of uterine fibroid
- f. Premenstrual syndrome

**Q4. Long answer questions (any 2 out of 4)**

**(2x10=20)**

- a. Retroverted uterus
- b. O.C. pills
- c. Adenomyosis
- d. Tubercular salpingitis

**Long answer questions (any 1 from 5, 6, 7)**

**(1x20=20)**

**Q5. Discuss CA cervix under following heads**

- a. Aetiology
- b. Clinical features
- c. Investigations
- d. Management

**Q6. Discuss prolapse of uterus under following heads**

- a. Aetiology
- b. Clinical types
- c. Clinical features
- d. Management

**Q7. Describe menstrual cycle under following heads**

- a. Definition and physiology of menstruation
- b. Composition of normal menstrual blood
- c. Ovarian function test

d.Menstrual disorders

Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Classification of Rhinitis.
- b) Green stick fracture.
- c) Define Colle's fracture./Complication of fractures
- d) Chalazion.
- e) Indication of Aconite in Glucoma.
- f) Indication of Pulsatilla in Styte.
- g) Vasomotor Rhinitis.
- h) Indication of Coffia in Toothache.
- i) Indication of Mezerium in Toothache.
- j) Baryta in Adenoids.
- k) Lachesis in Wax.
- l) Ammonium carb in Epistaxis.
- m) Lachesis in Tonsilitis.
- n) Calcaria phos in Fractures.
- o) Indication of Capsicum in Mastoid abscess.

**Q. 2. Write short answers (any 4 out of 6) (4x5=20)**

- a) Otitis externa.
- b) Singers nodules.
- c) ASOM (Acute Suppurative Otitis Media)
- d) Classification of # (fracture).
- e) Trachoma.
- f) Chemosis.

**Q. 3. Write short answers (any 4 out of 6)**

**(4x5=20)**

- a) Indication of Euphrasia in Rhinitis.
- b) Indication of Calcarea fluor in Cataract.
- c) Give indication of Arnica in Epistaxis.
- d) Name two remedies with indications of fracture.
- e) Arsenic album & Aconite in Conjunctivitis.
- f) Give indication of Causticum in Laryngitis.

**Q. 4. Long Answer Questions ( any 2 out of 4)**

**(10x2=20)**

- a) What is Nasal polyps? Explain its types, clinical features, management with indication of 4 Homoeopathic drugs
- b) CSOM, its Aetiology, Pathology, Pathogenesis, Clinical features with indication of 4 Homoeopathic remedy.
- c) Osteomyelitis, types, Aetiology, Pathology, Clinical features with 4 Homoeopathic drugs.
- d) Corneal ulcer in detail with 4 Homoeopathic drug indication.

**Long Answers Questions (any 1 from Q. No. 5, 6 & 7)**

**(1x20=20)**

- Q. 5.** Define Fracture? Explain # neck of Femur in detail with its types, Clinical features, Investigation & Homoeopathic treatment.

**OR**

- Q. 6.** Discuss Cataract

- a) Aetiology.
- b) Classification.
- c) Sign & Symptoms.
- d) Homoeopathic Management.

**OR**

- Q. 7.** Tonsillitis in detail

- a) Aetiology.
- b) Pathology & Classification.
- c) Sign & Symptoms.
- d) Homoeopathic Management.

PRELIMINARY EXAMINATION (SUMMER 2021)

YEAR: - III B.H.M.S.(New)

Marks 100	Sub:- Surgery – I	Time 3 Hrs.
--------------	-------------------	----------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
  - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from paper-I syllabus to Paper-II and vice versa. Students can not claim that the Question is out of syllabus. As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15) (10x2=20)**

- a) Signs & symptoms of Cataract.
- b) Vit. D deficiency.
- c) Lipoma
- d) Pterygium
- e) Defination of Sinus & Fistula
- f) Defination of & signs Carbuncle.
- g) Defination of Keloid. Two common sites of it.
- h) Presbiopia
- i) Cantharis in urethritis
- j) Phosphorus in duodenal ulcers
- k) Syphilitic ulcers
- l) Hamamelis in varicose veins
- m) Nit.acid in Cellulitis
- n) Mac burning's point
- o) Signs of DVT

**Q. 2. Write (any 4 out of 6) (4x5=20)**

- |                               |                        |
|-------------------------------|------------------------|
| a) Thromboangitis obliterans. | b) Cold abscess        |
| c) Sebacious cyst             | d) Stye                |
| e) Acute Congestive Glaucoma  | f) Hodgkin's Lymphoma. |

**Q. 3. Write answer (any 4 out of 6) (4x5=20)**

- a) Cystic Hygroma .

- b) Iridocyclitis.
- c) Wet-Gangrene.
- d) Anaphylactic shock .
- e) Mezerium in Neuralgia.
- f) Nitric Acid in renal complaints .

**Q. 4. Write Answer (any 2 out of 4) (2x10=20)**

- a) Congenital Hypertrophic Pyloric stenosis.
- b) Haemorrhage in detail with management .
- c) Mucopurulent conjunctivitis in detail .
- d) Testicular Torsion.

**Long Answer Question ( any 1 from Q. No. 5, 6 & 7 ) (1x20=20)**

**Q. 5.** Discuss Benign enlargement of Prostate under following headings

- a) Aetiopathology.
- b) Clinical features.
- c) Scope & limitations of homoeopathy in BPH.
- d) Indications of two homoeo medicines of BPH.

**Q. 6.** Write down Varicose vein in relation to -

- a) Defination & Aetiology.
- b) Clinical features.
- c) Complications.
- d) Management.

**Q. 7.** Describe Corneal Ulcer in relation to -

- a) Defination & Aetiology.
- b) Pathology.
- c) Clinical features.
- d) Management.

**SMT. K. B. ABAD HOMOEOPATHIC MEDICAL COLLEGE, CHANDWAD**

**PRELIMINARY EXAMINATION (SUMMER 2021)**

**YEAR: - III B.H.M.S.(New)**

<b>Marks</b>	<b>Sub:- Surgery – II</b>	<b>Time</b>
--------------	---------------------------	-------------

- Instructions:-**
- 1) All Question are Compulsory.
  - 2) All Question carry equal Marks.
  - 3) The number to the **right** indicates **full** marks.
  - 4) Draw diagrams **wherever** necessary.
  - 5) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.

As It is only for the placement sake, the distribution has been done.

**Q. 1. Write appropriate answers (Any 10 out of 15)**

**(10x2=20)**

- a) Causes of ASOM.
- b) Hearing tests.
- c) Green-stick fracture.
- d) Achalasia cardia .
- e) 4 Causes of Hematuria.
- f) Causes of Liver cirrhosis.
- g) Tongue tie .
- h) Meniere's disease.
- i) Stridor.
- j) Define Ankylosis.
- k) 2 indications of tooth extraction.
- l) Malunion of fracture.
- m) CSF rhinorrhea.
- n) Singer's nodes.
- o) Acoustic neuroma.

**Q. 2. Write (any 4 out of 6)**

**(4x5=20)**

- |                       |                      |
|-----------------------|----------------------|
| a) Thyroglossal cyst. | b) Colle's fracture. |
| c) Dental caries.     | d) Frozen shoulder.  |
| e) Otitis externa.    | f) Fibroadenosis.    |

**Q. 3. Write (any 4 out of 6)**

**(4x5=20)**

- a) Flail chest.
- b) Intussuception.
- c) Vasomotor rhinitis.

- d) Acute maxillary sinusitis.
- e) Indications of Tracheostomy.
- f) Reflux oesophagitis.

**Q. 4. Write (any 2 out of 4)**

**(10x2=20)**

- a) Clinical features of Ca-breast.
- b) Acute Pancreatitis.
- c) Nasal polyposis.
- d) Suppurative arthritis.

**Long Answer Question ( any 1 from Q. No. 5, 6 & 7 )**

**(1x20=20)**

**Q. 5. Discuss Wounds under following heads**

- a) Definition & classification.
- b) Factors important in wound healing.
- c) Contused Lacerated wounds.
- d) Management of wounds.

**Q. 6. Describe acute appendicitis under following heads**

- a) Aetiopathology.
- b) Clinical features.
- c) Diagnosis & complications.
- d) Management.

**Q. 7. Describe Chronic Suppurative Otitis media under following heads**

- a) Aetiology.
- b) Pathology.
- c) Clinical features.
- d) Investigations & Management.
